THE GENERAL

1985

William Campbell High School
Naruna, Virginia 24576
Volume 34

Shouting up a storm, Seniors and Juniors rally the Generals during the last pep rally of the year.

A peaceful view of a portion of William Campbell.

Football players and cheerleaders display their spirit for the Generals at the Homecoming pep rally.

Lounging around during lunchtime.

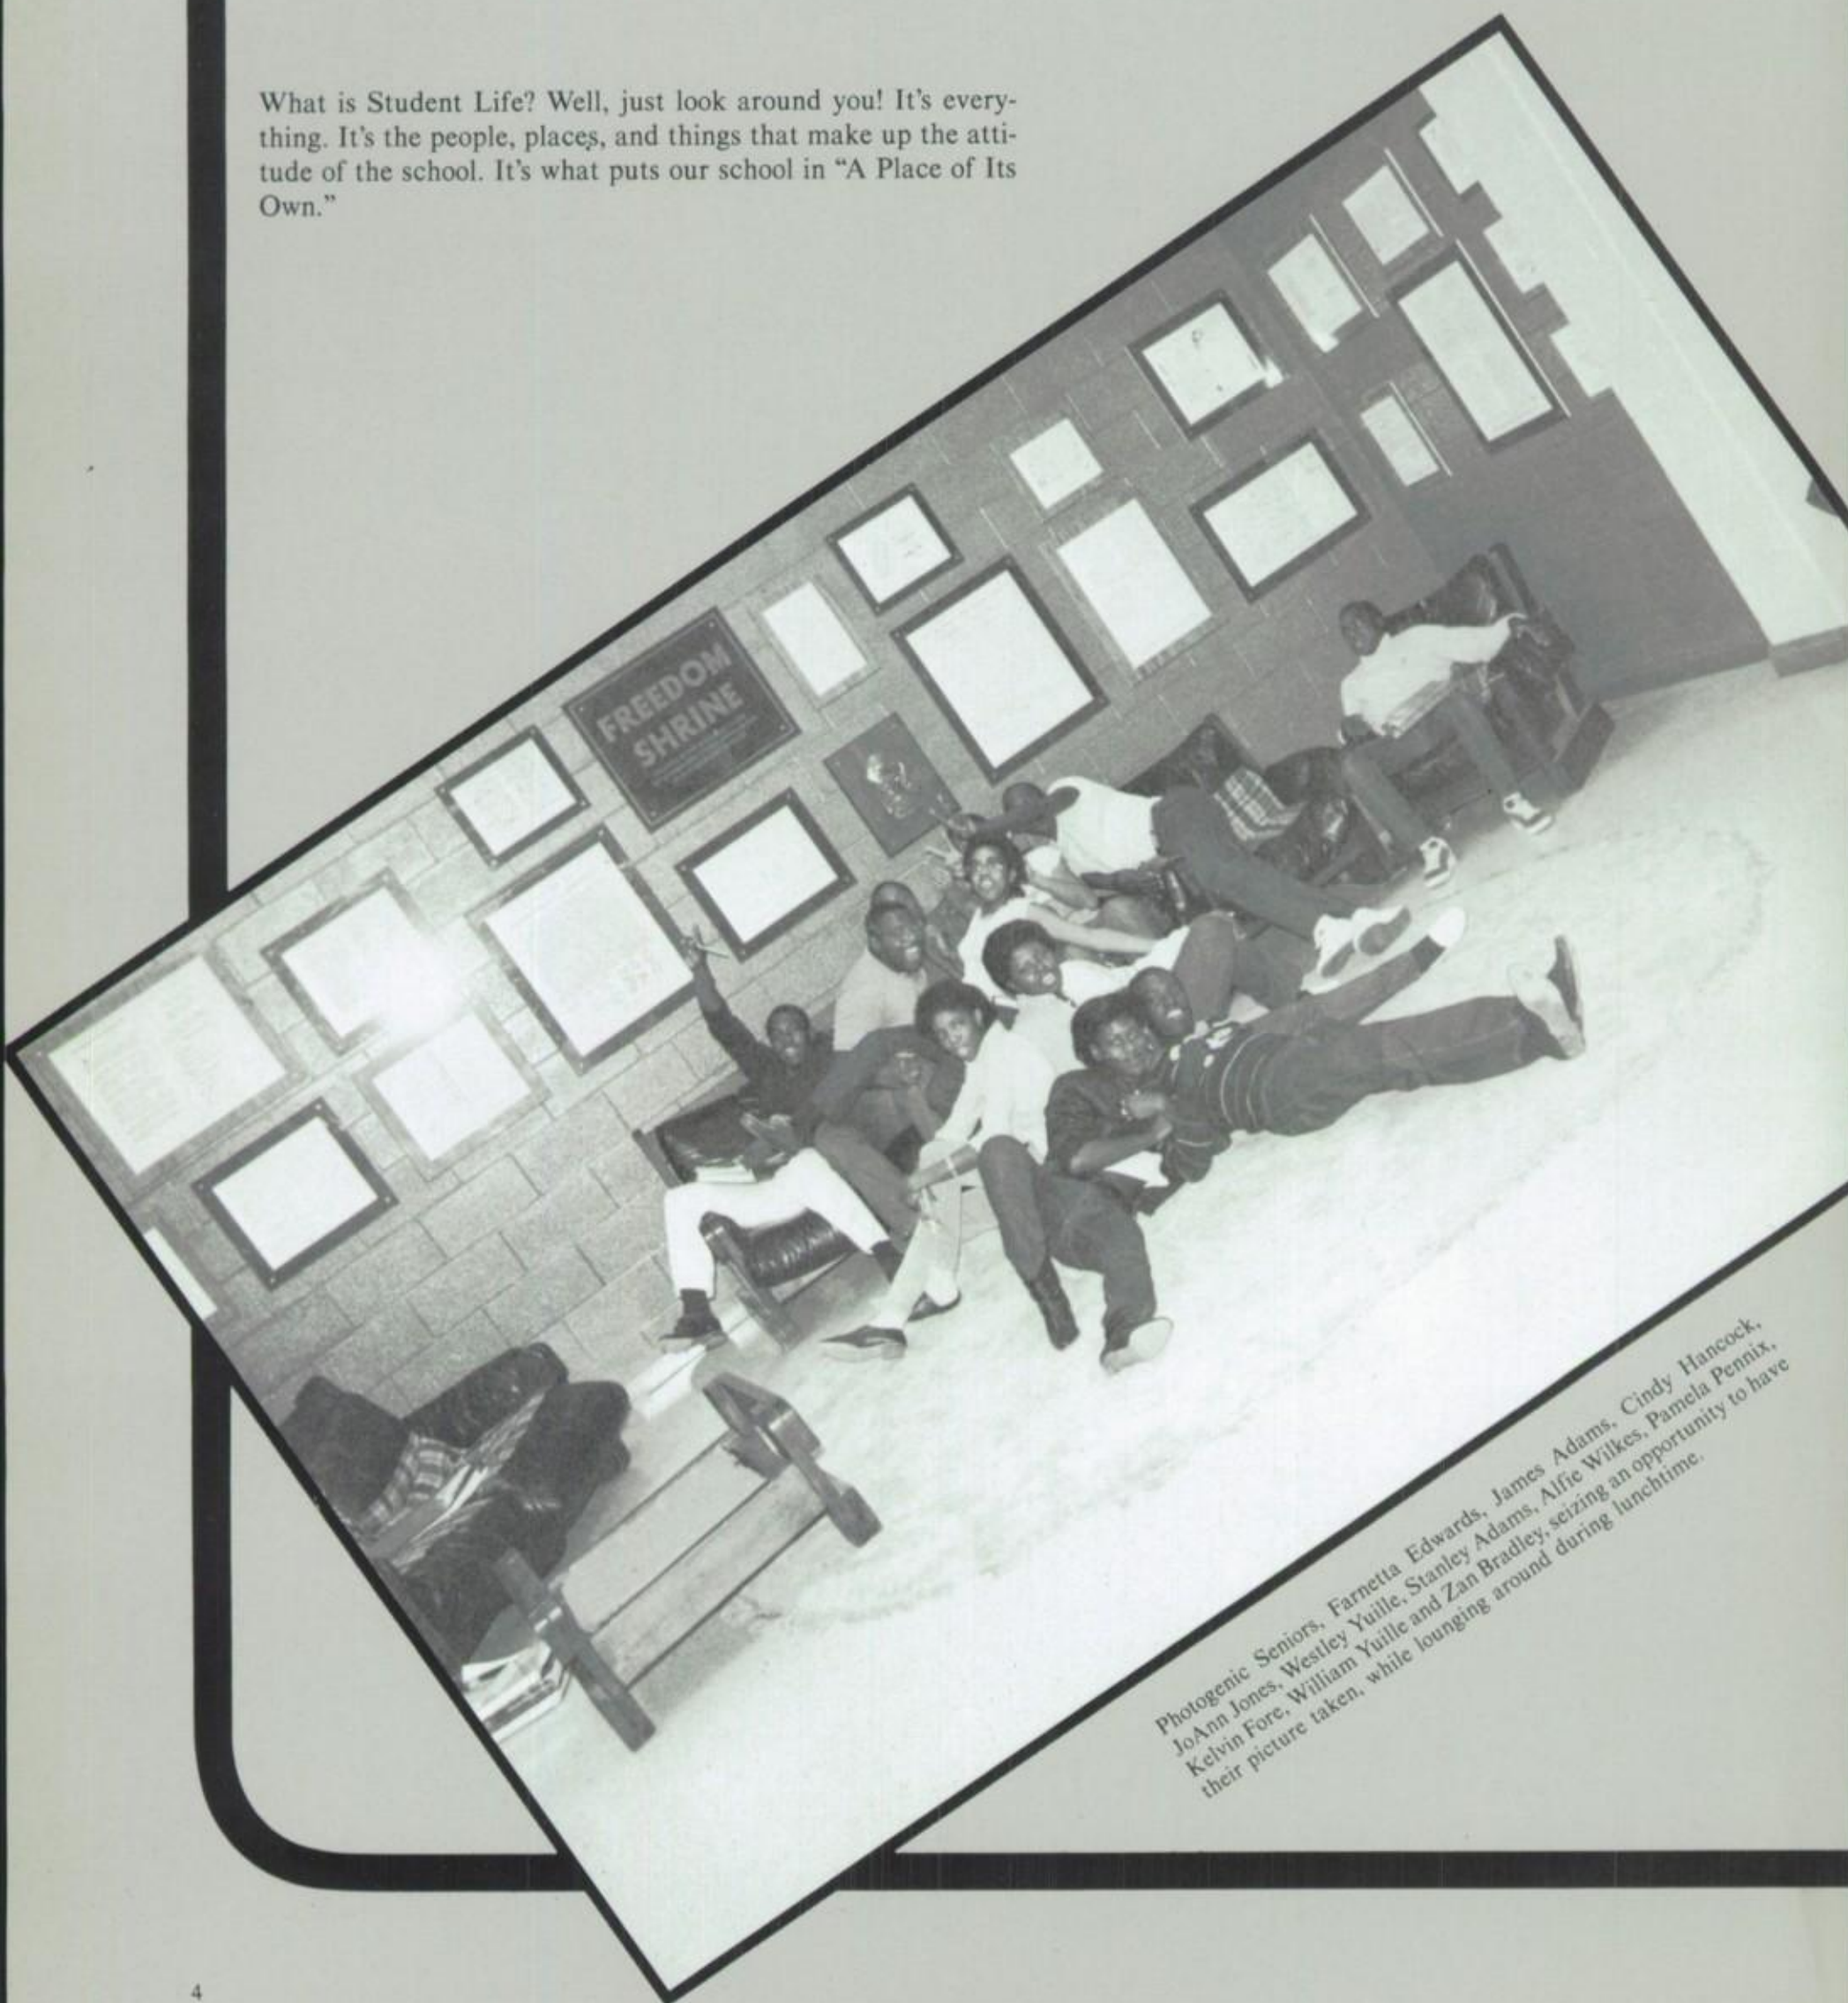

“A Place of Its Own”

The spirit of the mighty Generals fills the air and creates a special feeling that has “A Place of Its Own”. William Campbell is located in Naruna, Virginia, a small rural area, and houses about five hundred and fifty students. Because of its size, each student gets the opportunity to be recognized by his individual needs and differences as well as individual rights. This theme really fits in with William Campbell because we believe that interscholastic and intramural competition are an important part of our high school program in developing competent leadership, high moral and spiritual values, good competitive spirit, self-discipline, and the highest degree of sportsmanship. This in itself is the main reasons why William Campbell has established “A Place of Its Own.”

Student Life

What is Student Life? Well, just look around you! It's everything. It's the people, places, and things that make up the attitude of the school. It's what puts our school in "A Place of Its Own."

Photogenic Seniors, Farnetta Edwards, James Adams, Cindy Hancock, JoAnn Jones, Westley Yuille, Stanley Adams, Alfie Wilkes, Pamela Pennix, Kelvin Fore, William Yuille and Zan Bradley, seizing an opportunity to have their picture taken, while lounging around during lunchtime.

Friends are Forever

Mrs. Lottie Perrow helping Barry Epperson with his Spanish or is Barry helping Mrs. Perow with her English. The world may never know!

Seniors Past, Present, and Future are Connie Trent, Paula Trent, Susan Jones, and Lisa Erexson.

While hanging around the gym, Angela Bell gets a little push from Bonnie Thurman.

Sneaking a few minutes during half-time are Lucy Elder and L.T. Guthrie.

Friendship Has A Place Of Its Own.

Friendship can be found everywhere. First there is a love for the school by both students and teachers. This is not only shown by the way the school is kept in top condition, but it is also shown through the way the students work to make it first in both academics and athletics. The most prominent friendships within the school are based on the love and respect that the students have for each other. There is always a group of students either walking

around, or standing around chatting about everything under the sun. Then, of course, there is that cheery little group walking arm in arm down the hall, or greeting each other with a hug. There is just a feeling of warmth and friendship that is felt by everyone. Even though there are the usual friendships between girls and girls, boys and boys, and girls and boys, there is something special about the friendships at WCHS. Because of the size of the school everyone knows everyone else, and there is

always someone to go to with your problems and your joys. And of course, we have those special friendships between girls and guys that were found huddling in a dark corner, or seen stealing a quick kiss between classes. But one of the things that makes WCHS a better place is the love between students and teachers. Because of this closeness the students know they can go to the teacher with a problem and always get a helping hand. Yes, Friendship has a place of its own at WCHS!

Meet Me At . . .

Hangouts

What's a hangout? Well, just look around you. It's any place that you go to either be with friends or be alone.

Some of the more popular hangouts at William Campbell are the smoking areas, the hall lounge, the newly acquired senior lounge, and of course, all those secret places that you go to be alone or to be with that someone special.

But there are some places you may not think of as hangouts, such as, a classroom you go to during lunch, or maybe a certain place in the hall where you always sit. These are all hangouts, too. At William Campbell High School everyone has a place of their own.

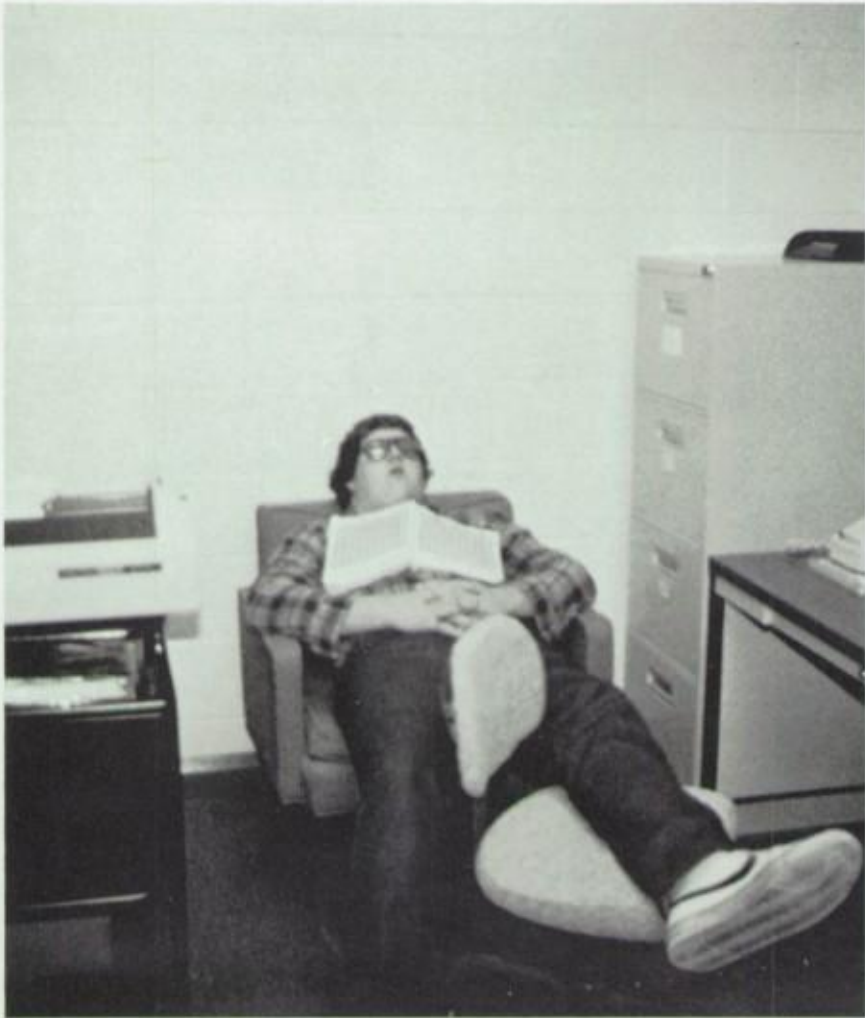

During lunch you can always find a group of people in the smoking area bumming a light, joking around, and talking just about anything.

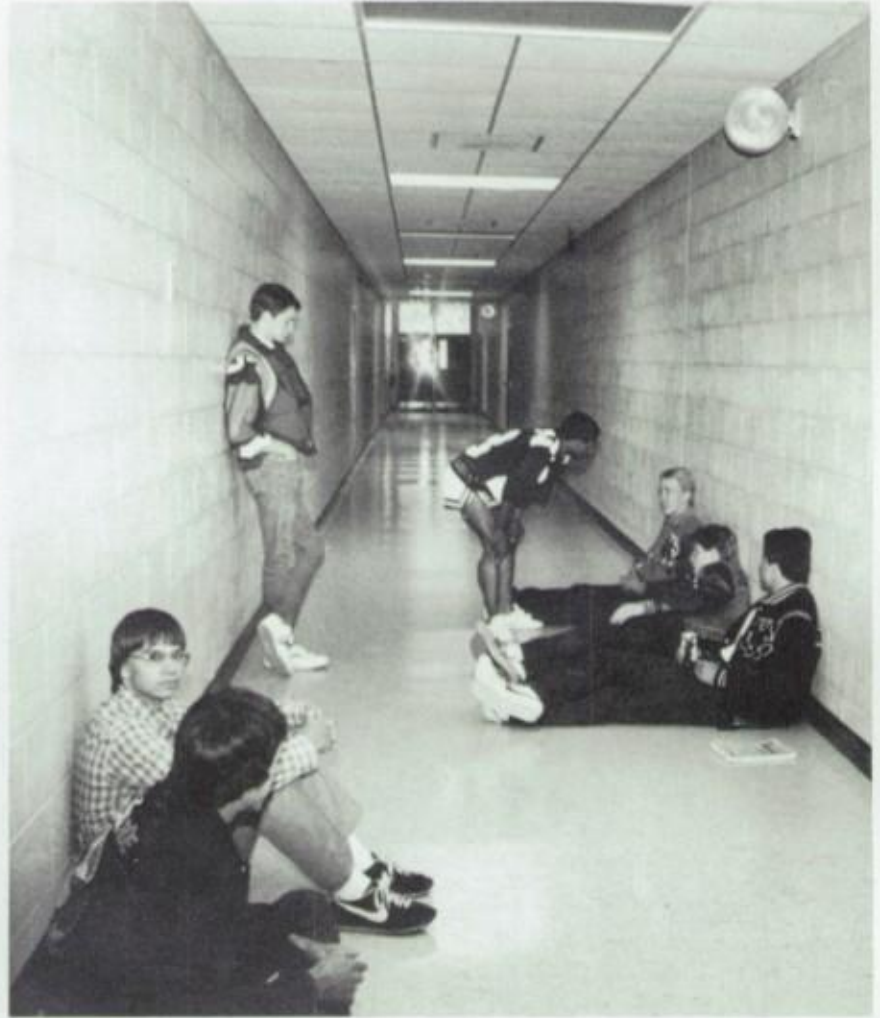

Talk about a laid back group of people. The hall is another good place to relax and talk with friends.

The guilty expression on Barry Guthrie's face may be a story in itself, but actually Tracy Garrett and Barry are just paling around in the hall like everyone else.

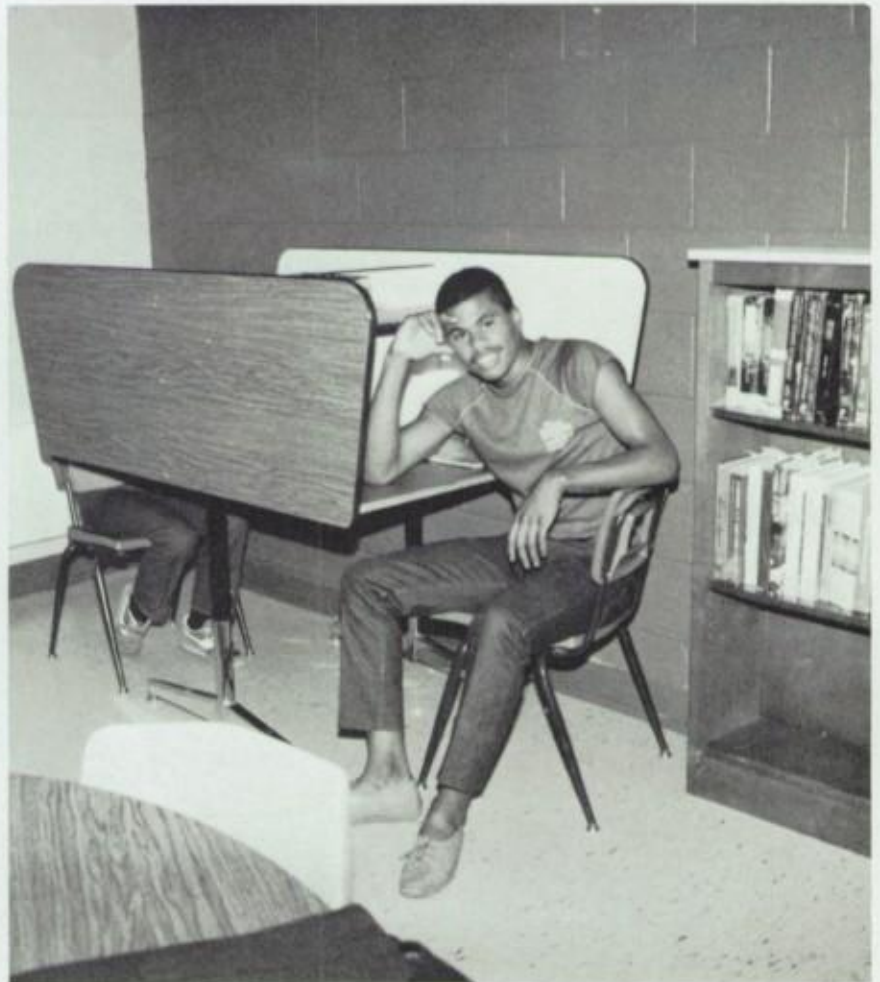

It looks like Greg Morris has found the perfect way to study for one of Mrs. Emily Wallace's vocabulary tests.

When Page Wilson speaks everyone listens.

Hanging out is one of the favorite pastimes of these Seniors. They even have their own private hangout.

And here sits secret agent, Freddie Austin, who was just caught passing top secret information to his unseen counteragent.

Fads and Fashions

Outlaw Alfie Wilkes has finally been captured by deputies Farnetta Edwards and Lydia Foreman.

Fooling around between classes are Walter Clark, William Yuille, and Wayne Stone.

Getting ready to go to class in the latest school fashions are Janet Logan and Christy Dickerson.

"GQ" watch out because here comes Len Epperson, the latest fashion model.

The best fun can always be found at a William Campbell Homecoming dance, as it can be seen on James Adams' and Anthony Dunkley's faces.

Prince has been really popular with the WC students.

Fashions have come a long way. From the long dress with thousands of slips underneath to mini skirts, highwaters and parachute pants. The list goes on. Many of the Fashions of yesterday have come to be today's Fashion like the mini skirt from the 60's and knickers from the 20's. Even though we have Fashion, let's not forget Fads. Fads have been the biggest changing thing since the weather report. At the end of the last school year the biggest Fad was Michael Jackson. And as all Fads, he has died down. Now the biggest Fad of the 1984-85 school year is singer and actor Prince Roger Nelson better known as "Prince", who has become a well known household name. As time goes on Fads and Fashions will never go out of style.

William Campbell is the best standing school in the county as Roger Lockett, Angela Bell, and Ava Elliott are holding up the wall.

Heading for class are Dee Dee Moore and Tony Grishaw sporting the latest jackets.

Wasting time in the library are Tammy Rigney, Kim Hendren, and Susan Jones.

Let's Go Crazy

7th period journalism shows their school spirit on Punk Rock Day. This tough bunch includes Stefanie Goodman, Leonard Epperson, Bev Nash, Jeff Kenyon, Dawn Deaner, and Angie Hall.

Has the senior lounge been invaded? No, it's just Angela Bell and Paula Trent looking wild as usual.

Tracey Garrett sporting the latest in punk paraphenalia.

Spirit has a Place of Its Own at William Campbell

Spirit Week really brought out the crazies again. The first day was Celebrity Day. Everyone was supposed to dress as their favorite celebrity. There were a few Cyndi Laupers', a Madonna, and even a Lady Di.

The 2nd day was Concert Jersey Day. Everyone wore a jersey with their favorite group on it. There was everything from Billy Idol to Van Halen to Hank Williams Jr.

The third day was Punk Rock Day, or the day of the "invasion" depending on how you look at it. People wore chains and spikes, mini-skirts, slash skirts and bandannas. And to top it all off students spiked their hair in every shade of the rainbow.

On the fourth day people mixed plaids, stripes, and colors for Mix and Match Day.

The last day was Blue and Gray Day, and of course, everyone wore blue and gray, the school colors.

Is it Halloween already? Actually it's just Kenny Holland, Mark Lacy, and Booty Reid showing off for the camera.

Girls Just Want to Have Fun! And Connie Trent proves this when she dresses as Cyndi Lauper for Celebrity Day.

Take a Break

The homecoming pep rally goes crazy when the cheerleaders throw candy to the crowd.

"Let's Get Assembled"

There are two ways to look at assemblies. One, an educational experience that no one should miss. Or, a chance to get out of class and cut up.

Actually assemblies can be a lot of fun. They give you a chance to relax and enjoy something different.

Our first assembly this year was a welcome back skit from the SCA. The skit was a success and everyone had a great time.

Later we had a wonderful assembly when Mr. Reggie Smith came and talked to us about self-esteem. Everyone loved his talk on self-esteem because he made us realize it is a needed ingredient for survival in today's society.

So take a break and get assembled!

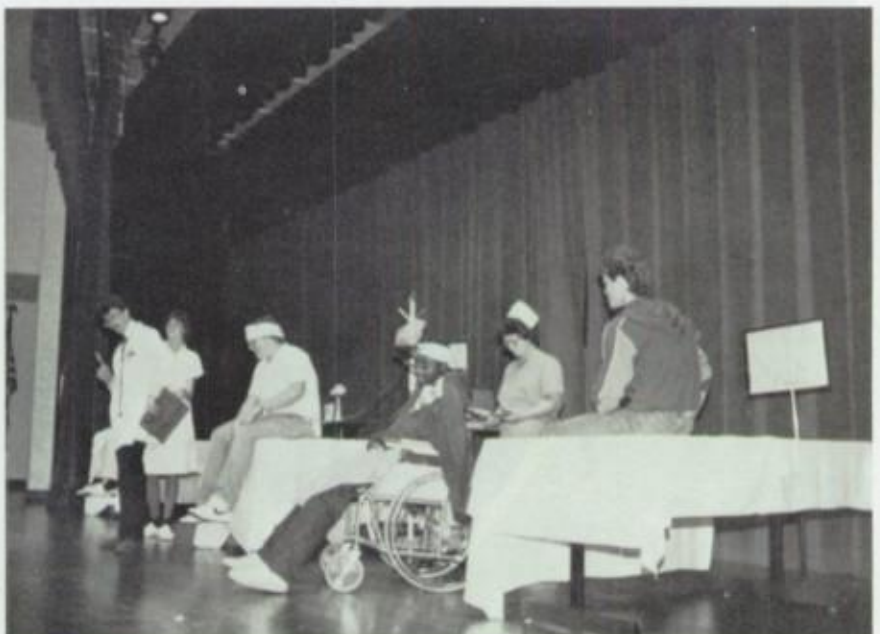

Mr. Reggie Smith's talk on self-esteem was one of the best assembly programs this year. Here Sandy Cheatham, SCA president, prepares to introduce Mr. Smith.

This year's senior class is the best and they aren't afraid of making a little noise. They prove that by winning the spirit stick at the Homecoming pep rally.

The Mixed Chorus and Morning Chorus combined for a fantastic evening of music and song when they performed for the first time this year.

Sports

William Campbell, a member of the Virginia High School League Region III and the Seminole District, offers a number of athletic programs for both girls and boys. This program ranges from Volleyball, Basketball, Softball, Track, Football, Baseball, and includes Weightlifting and cheerleading. Because our students use good sportsmanship at all school athletic events, this in its self is one of the main reasons why William Campbell High School has "A Place of Its Own".

(Seniors) First Row: Jeff Shotwell, Osben Robinson, Barry Pannell, James Hall. Second Row: Stanley Adams, Gary Epperson, Kenny Wallace, Alfie Wilkes, Wally Coates.

The William Campbell Varsity Football team had another successful season this year. The Generals finished second in the district behind Brookville. The team lost their first two games of the season but came back to win the last 7 out of 8 games for a 7-3 record. The slow start was partly due to a lack of experience by many team members. The team was playing as well as any other team in the district at the end of the season.

There was much effort put out by the entire team, which missed the playoffs by one game. The Generals will be losing some valuable seniors this year, but will come back strong next year with this year's juniors and sophomores.

This season the Generals placed nine team members on the All-District team. They were Barry Pannell, Donald Jones, Johnny Younger, Alfie Wilkes, Vernon Pannell, Johnnifer Snead, Kenny Wallace, Jeff Shotwell, and Stanley Adams.

Congratulations to these Generals and the rest of the team for another great season.

Lady Generals Will Rule The Courts

The Girls of William Campbell ruled the courts in basketball in more ways than one.

First they ruled the court in spirit and team enthusiasm. They were always spirited, whether winning or losing.

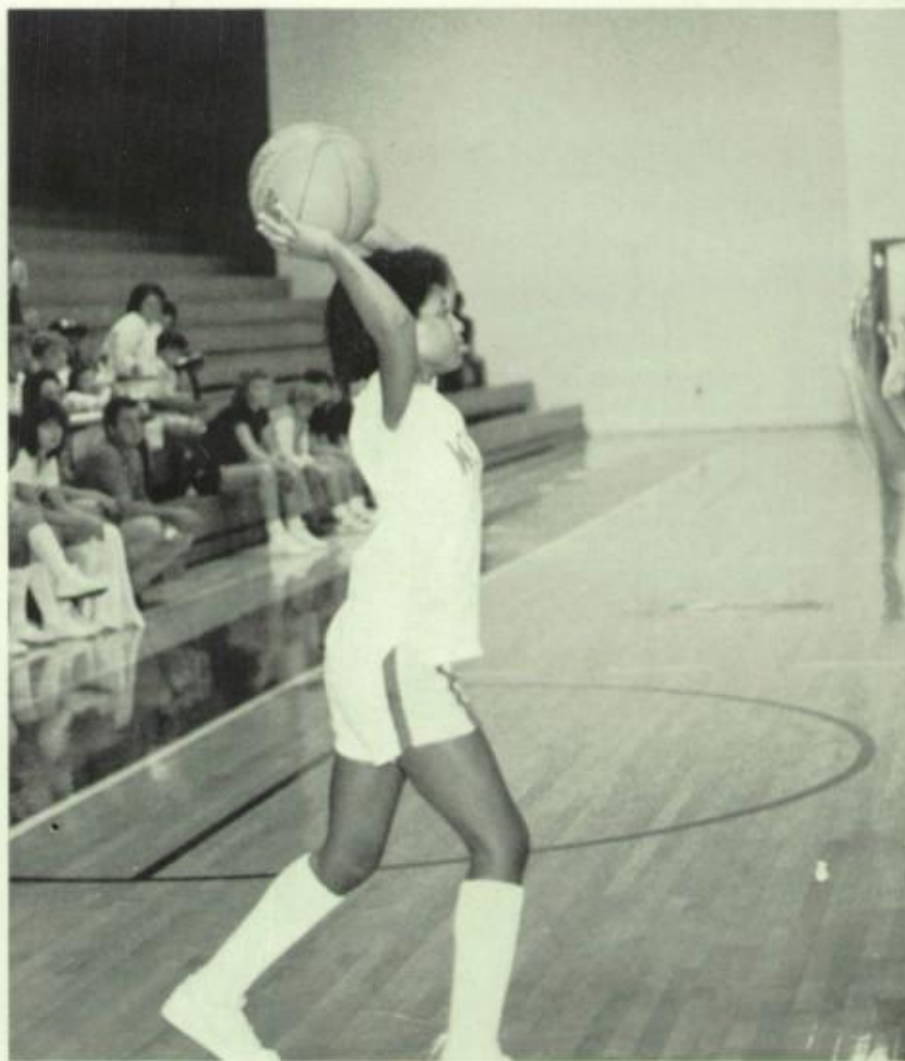

Secondly they ruled the courts in team preparation. Each team member practiced long hours in preparation for a game. No one could ever say they weren't prepared for their opponents. They were always on the move and their eyes were wide open for the opponents' strategy.

The Cheerleaders Just Wanna' Have Fun!

The cheerleaders of 1984 really helped uplift the school's spirit. They did various things for the players such as having parties and giving them flowers.

The cheerleaders put their all into everything, especially the cheers. They practiced hard on the days of practice which were usually held for 2 hour sessions. The cheerleaders made up new stunts, routines, and ideas to perform at games and pep rallies.

The cheerleaders always set good examples in our school with their smiles, spirit, and pride. Putting forth one's best ability and attitude, a good personality, a friendly smile, and an interest in people, can enable a cheerleader to accomplish these things.

Being a Varsity Cheerleader can offer many fun and rewarding memories to recall after the year is over.

Queen Reigns Twice

The night of Football Homecoming finally arrived. Excited spectators and members of the court cheered the Generals on to a victory over the Buckingham Knights. Half-time excitement and anticipation sparked the scene as the crowds in the stands awaited to hear the announcement. Kim Hendren was selected as the 1984 Football Homecoming Queen. She was escorted by Martin Owen. To end her reign on an exciting note, a dance was held in the gym with Side-Trax as the disc jockey.

The Basketball Homecoming brought an excited and repeated surprise to the already elated General fans, at half-time Kim Hendren was again crowned the Queen. She was escorted by Jeff Shotwell.

The William Campbell Varsity Basketball team this year has made a great improvement. Each and every player played with deep desire because they all wanted to be at the top. Nevertheless, ending the season as the second top basketball team in the Seminole District, the team had some ups and downs which worked out for the best. Forward Walter Clark stated, "The players and coaches would like to express their gratitude and appreciation for the fans' support."

The Boys' Basketball Cheerleaders really had a season to cheer about! The team was second in the district and the cheerleaders were full of spirit!. Throughout the season the girls tried to keep the school spirit up and they did a great job of it! Whether the team won or lost, (and there was little of that!) they kept on cheering and pulling the team through.

This year we actually had two cheering squads because the fans cheered just as well as the cheerleaders only they didn't have on skirts.

Bump . . . Set . . . Spike!!

The 1985 Volleyball season was a learning experience for the Volleyball team, which consisted of thirteen players. The team improved with every game played. The team depended on the experience of the returning players. This was the second year for returning coach, Mrs. Meg Tibbs, who did a good job by bringing in new ideas for offensive and defensive strategies which were combined with the original plays. The team record was one win and seven losses.

Practicing what he does best is Stanley Adams, shot-putter.

Due to early spring weather, students began track season with great interest and renewed enthusiasm. Each student chose an area in track that interested and challenged him. These areas in which the student participated were: discus throwing, shot put, sprinting, relay running, long distance running, hurdle jumping, high jump, long and triple jumps, and boys' pole vaulting.

Students who participated in strength events combined weight lifting with daily practice. This combination enabled the students to keep their bodies at optimum levels of fitness.

Baseball

It's a usual hard day of practicing for Ryan Wathall and Jerry Howell.

The William Campbell baseball team was led by captains: Seniors — Jeff Shotwell and L. T. Guthrie and Juniors — Jamey Mason and Ryan Wathall. The team with only the loss of three main starters has more experience than in previous years. The team also added to the team 5 Freshmen. The season's schedule has been changed to three games a week and 7 night games. The team hopes to improve its record from the previous year.

The Strength of the Generals

The statement "The Strength of the Generals" is a statement well said when talking about weightlifting at William Campbell. Weightlifting is truly the strength of the Generals because without weightlifting sports at William Campbell would not be as great as they are.

Lifting weights makes better athletes in every area. For example, in football it makes the athlete faster, stronger, and it makes him react quicker to the various plays. In basketball it makes the athlete quicker on his feet, makes his jumping ability increase, and makes his reactions quicker. The same reasons apply for many other sports.

While lifting weights for the benefit of other sports, it is a sport in itself. The weightlifters compete in individual and team competition. When in competition, William Campbell Weightlifting team has always done well.

In conclusion, it would be safe to say that weightlifting is truly the "Strength of the Generals."

Lady Generals Up To Bat

As the season starts players practice hitting skills.

The Softball team was started by Coach George Clark. The tryouts were held for one week. There were sixteen excited, enthusiastic girls who made the team. Some don't like practice. Encouraged by Coach Clark, the girls know the hard things they learn will only make them better players.

As the season progressed five seniors, two juniors, six sophomores, and three freshmen combined their skills to have a winning season.

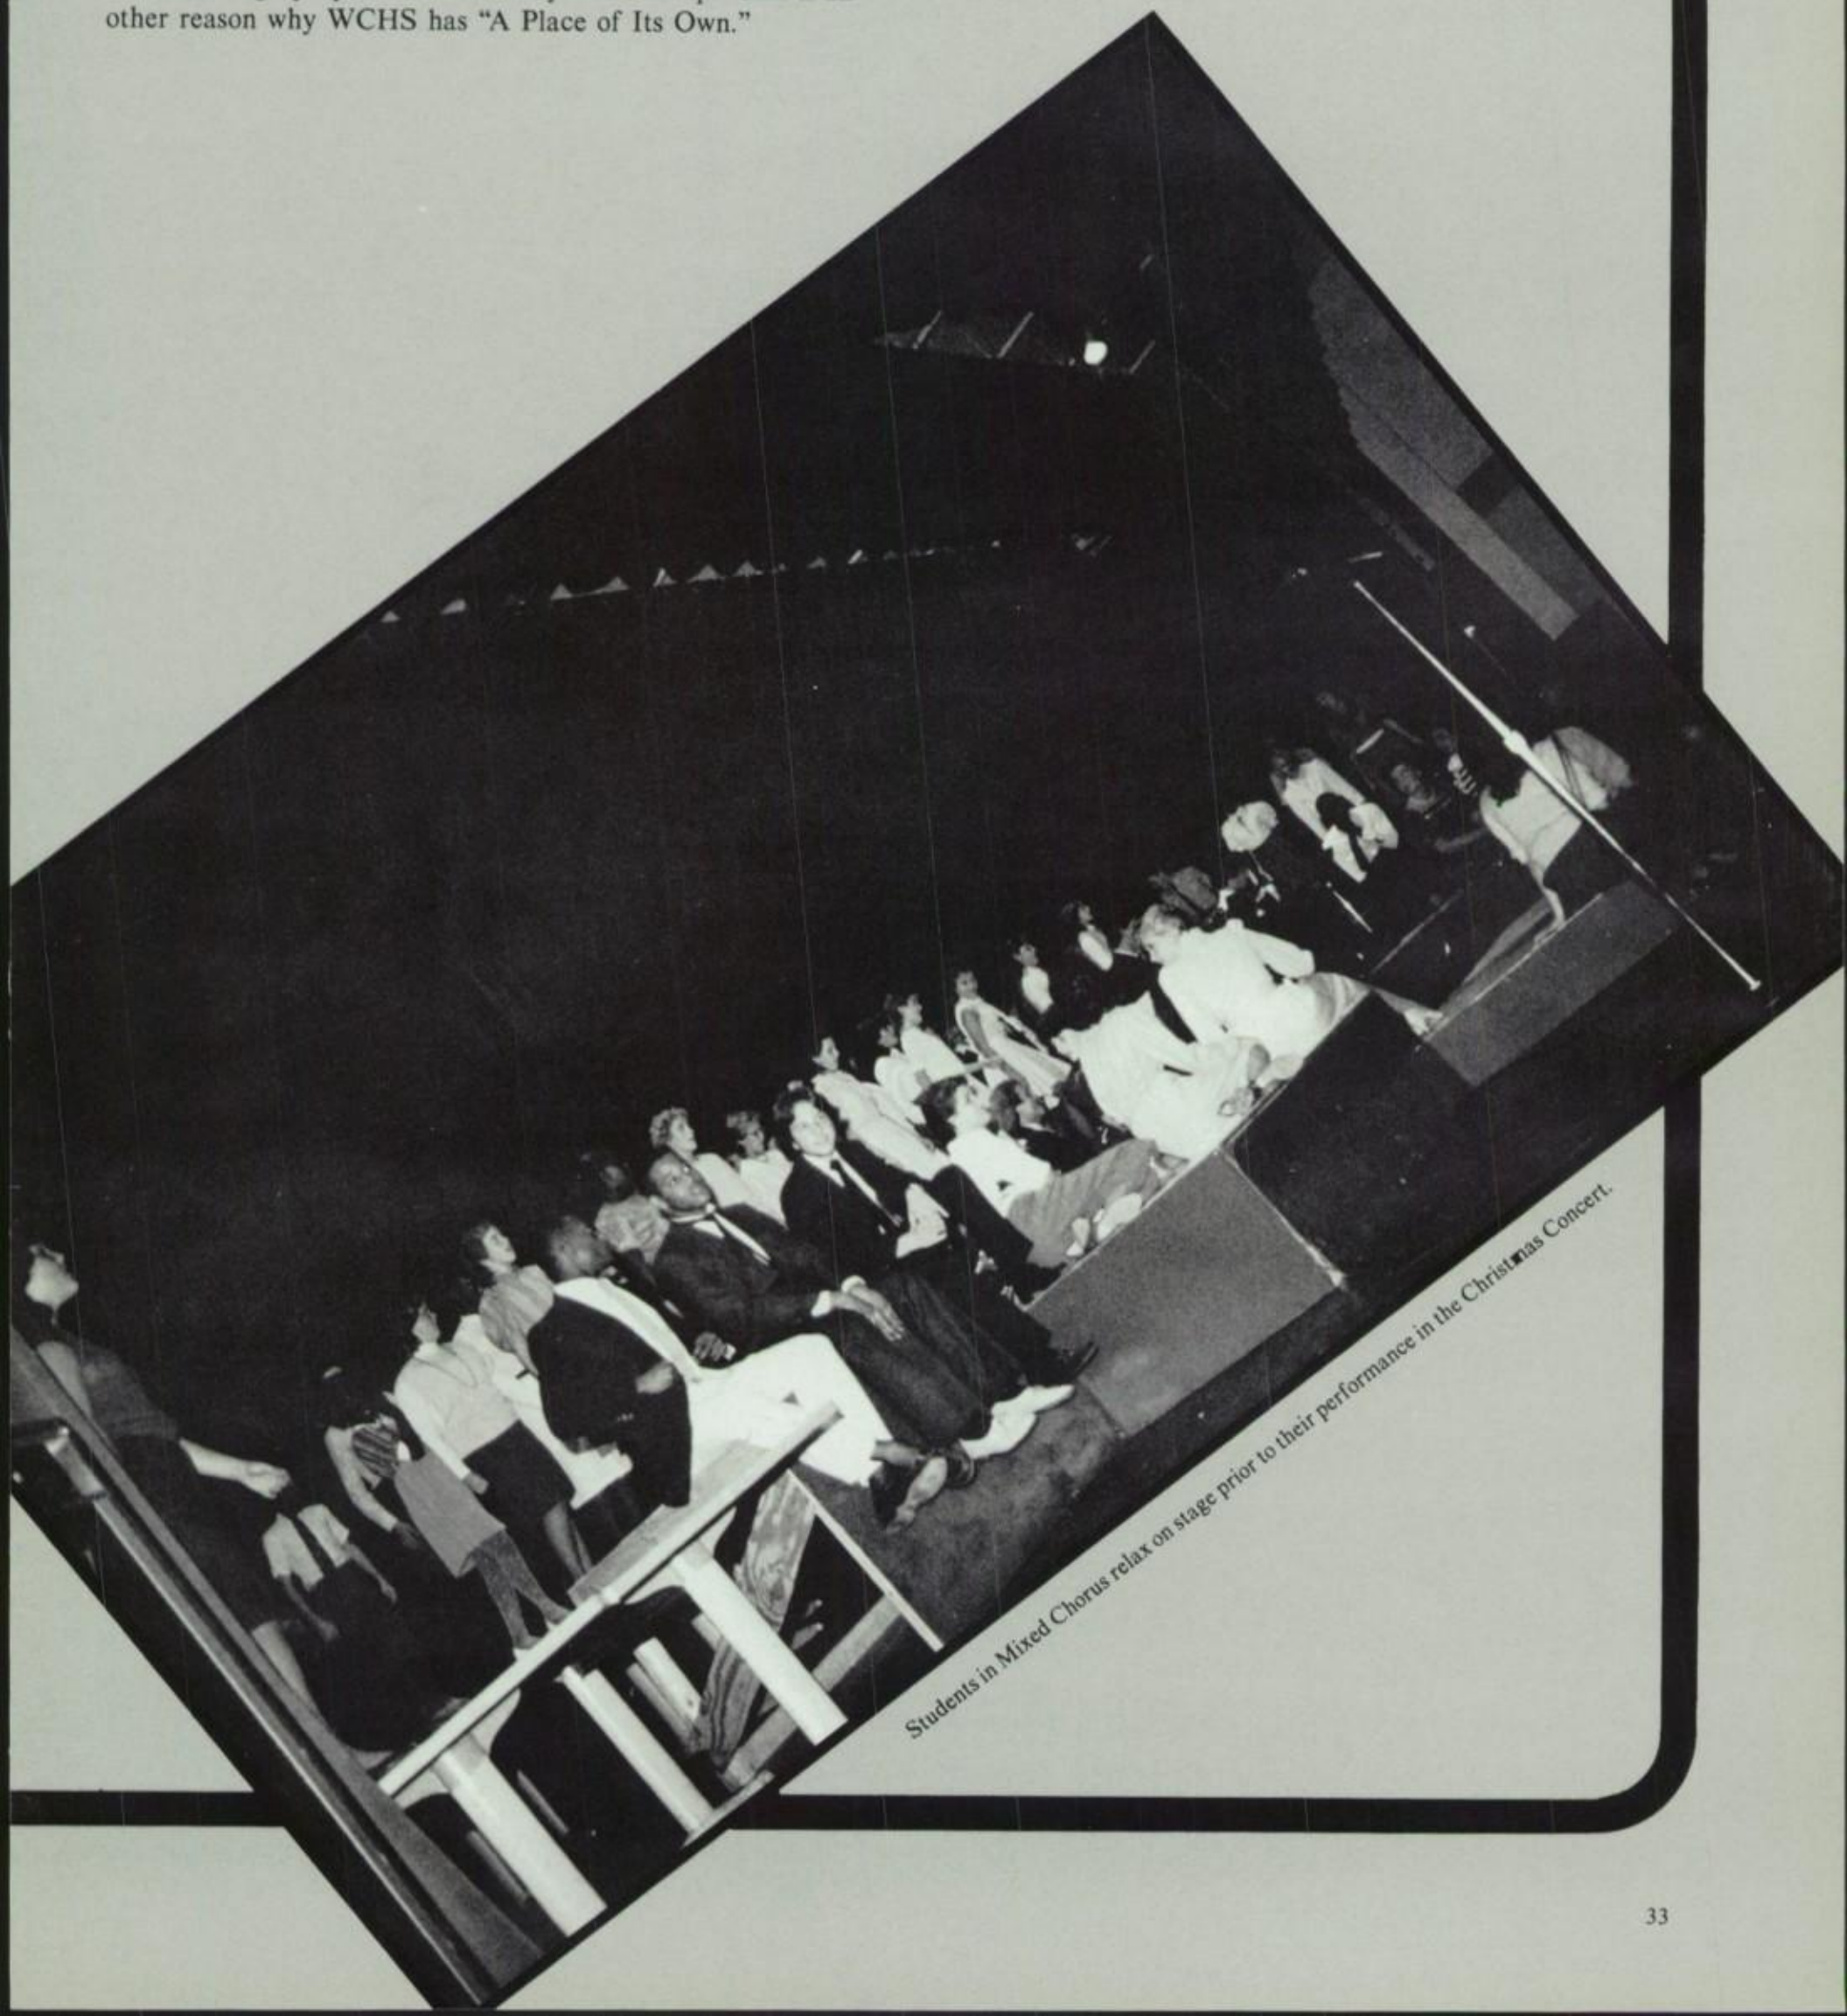

Players get practice hitting, pitching, and catching as they warm up for the season.

Ann Callahan practices her pitching as Renae Hamlett watches.

Clubs

Clubs are a group of persons organized for a social, literacy, athletic and political reason. The joining of and participating in club activities develops student responsibility, initiative, leadership, and school pride. This also promotes the welfare of the school through proper student-faculty relationships. This is another reason why WCHS has "A Place of Its Own."

Journalism is an elective class that works together as a team to produce the school's yearbook, *The General*, and a newspaper, *The Command Post*.

Selling advertisements, drawing layout designs, and writing copy are all part of what each student learns in the course. Students use many aspects of photography and graphic design in class.

What are these journalism students doing out of class? Jeff Kenyon, Vickie Colbert, Dawn Deaner, Stephanie Goodman, and Len Epperson are helping with club picture taking.

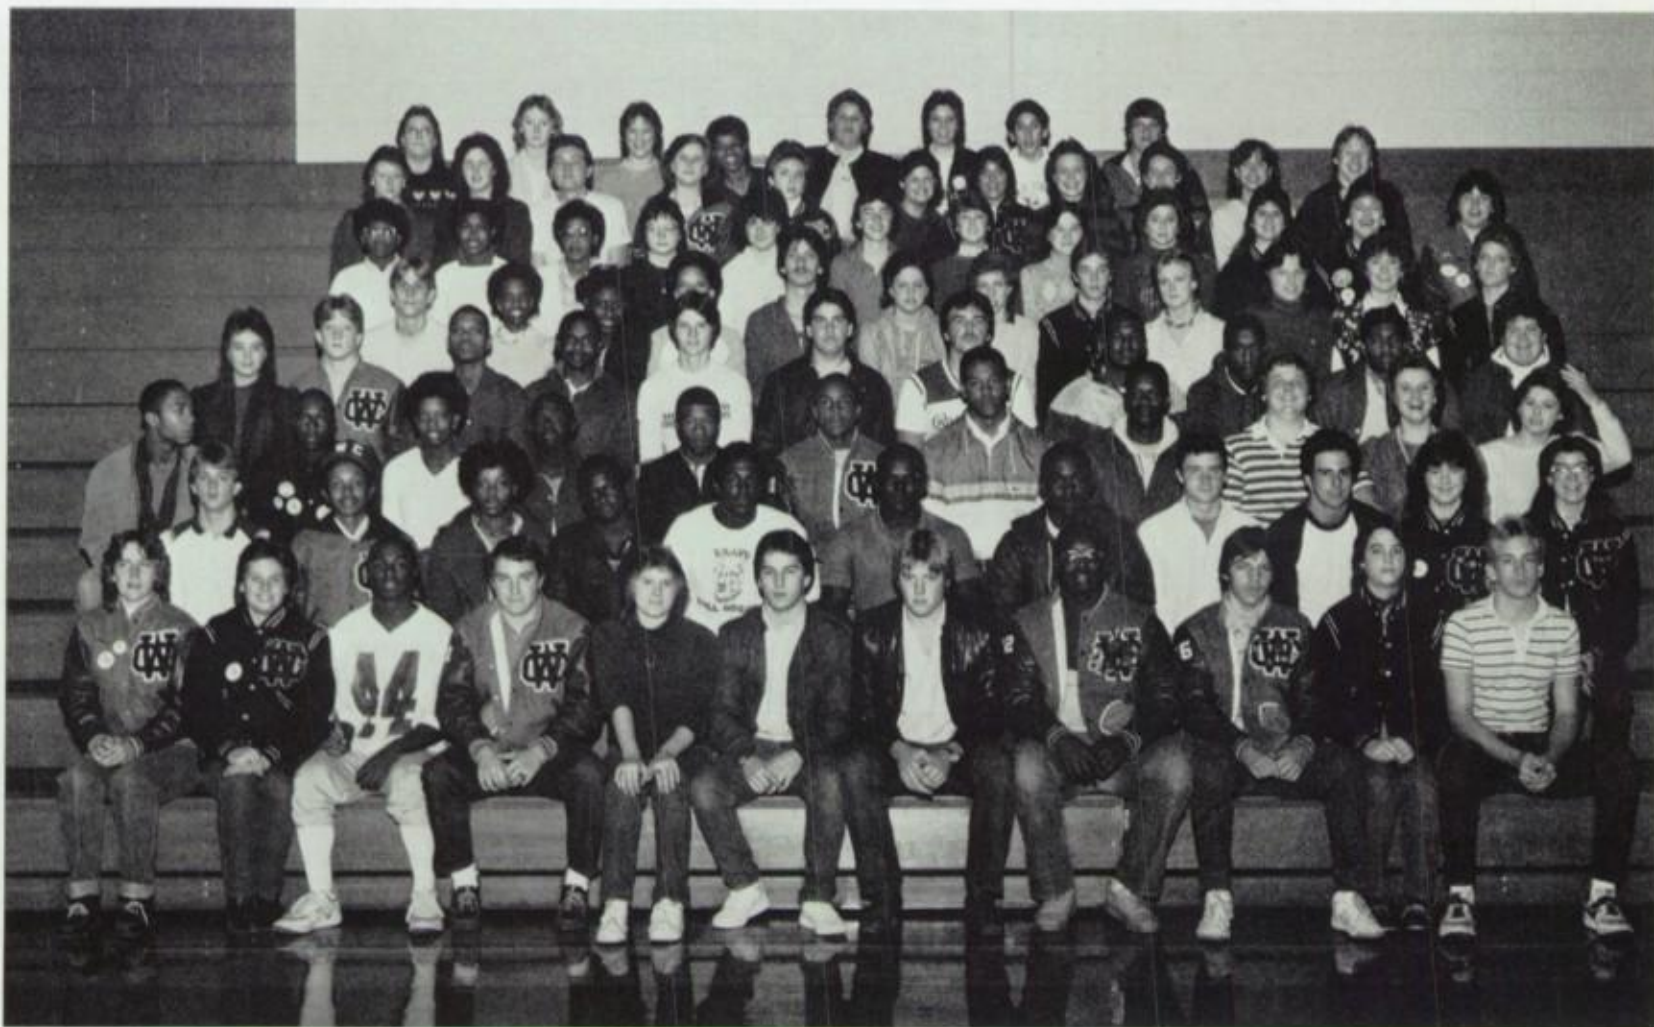

Library Projectionists members seated are: Mrs. Dee Dee Cox, and Mrs. Hazel Bennett. Standing: Ricky Jones, Matthew Baily, Kelly Martin, Charlotte Jennings, Buddy Francis, Angie Bell, Cindy Hancock, Dabney Phelps, Michelle Johnson, Vickie Colbert, and Jim Delizio.

The Library and Projectionist Club consists of the librarians and students who help show movies, check out books, fix equipment among other library needs. This year they showed two movies during the school day.

Mrs. Dee Dee Cox does library business with math teacher Miss Amelia Talley.

Varsity Club — To belong to the Varsity Club, you have to have lettered in a Varsity sport. To purchase a school jacket, which you have seen around the school, you must belong to the Varsity Club.

Being in the club is like an extra honor participating in a school sport. It shows that you are a true "General."

Weightlifting Club — The Weightlifting club consists of boys and girls who lift weights for fun and not competition. If you participate in certain sports you would lift weights to strengthen your muscles and lessen injuries. Although, they do not join in competition with other schools there is much competition among themselves.

The Student Cooperative Association is made up of the entire student body, with officers who link the communication sources between the students and faculty.

The SCA sponsored many activities such as the Homecoming dance, a motivational speaker named Reggie Smith, and a play called "General Hospital".

The 1984-85 SCA officers worked hard to unify the school and provide a better relationship between students and faculty.

SCA Homeroom Representatives — 1st Row Seated — Sandy Cheatham, Barry Guthrie, Tammy Rigney. 2nd Row — Sandra Martin, Sheri Tucker, Peri Pursley, Romonda Farris, Kim Massenburg, Janet Logan, Gina Williams, Betty Hill, Ann Callaham.

The Student Cooperative Association Representatives is composed of students from each homeroom in both high school and middle school. They help and assist the SCA officers in communicating with the student body. It strives to improve the student/faculty relationship.

SCA Officers — Sandy Cheatham, Maurice Hamlett, Burnella Gilbert, Walter Clark, Connie Sage, Jane Monroe, Robyn Denton, Michelle Davidson, Barry Guthrie.

The Senior Beta Club promotes leadership, scholarship, and character among themselves and other students. It assists the school administration in any way possible. The Beta Club motto is "Let us lead by serving others."

A few activities the Beta Club members joined in were the "Peanut Week", Teacher Appreciation Week, and a number of fund raising activities.

The students in agriculture class are trying hard to remember the "basics" in the books to use in real life.

The Future Homemakers of America helps students to be prepared for the role of a homemaker in our society.

Each month the FHA holds its meetings during club period. The club has various programs which carry out their goal of preparing students for the future. Many projects are held such as parties and contests just for the entertainment of the members.

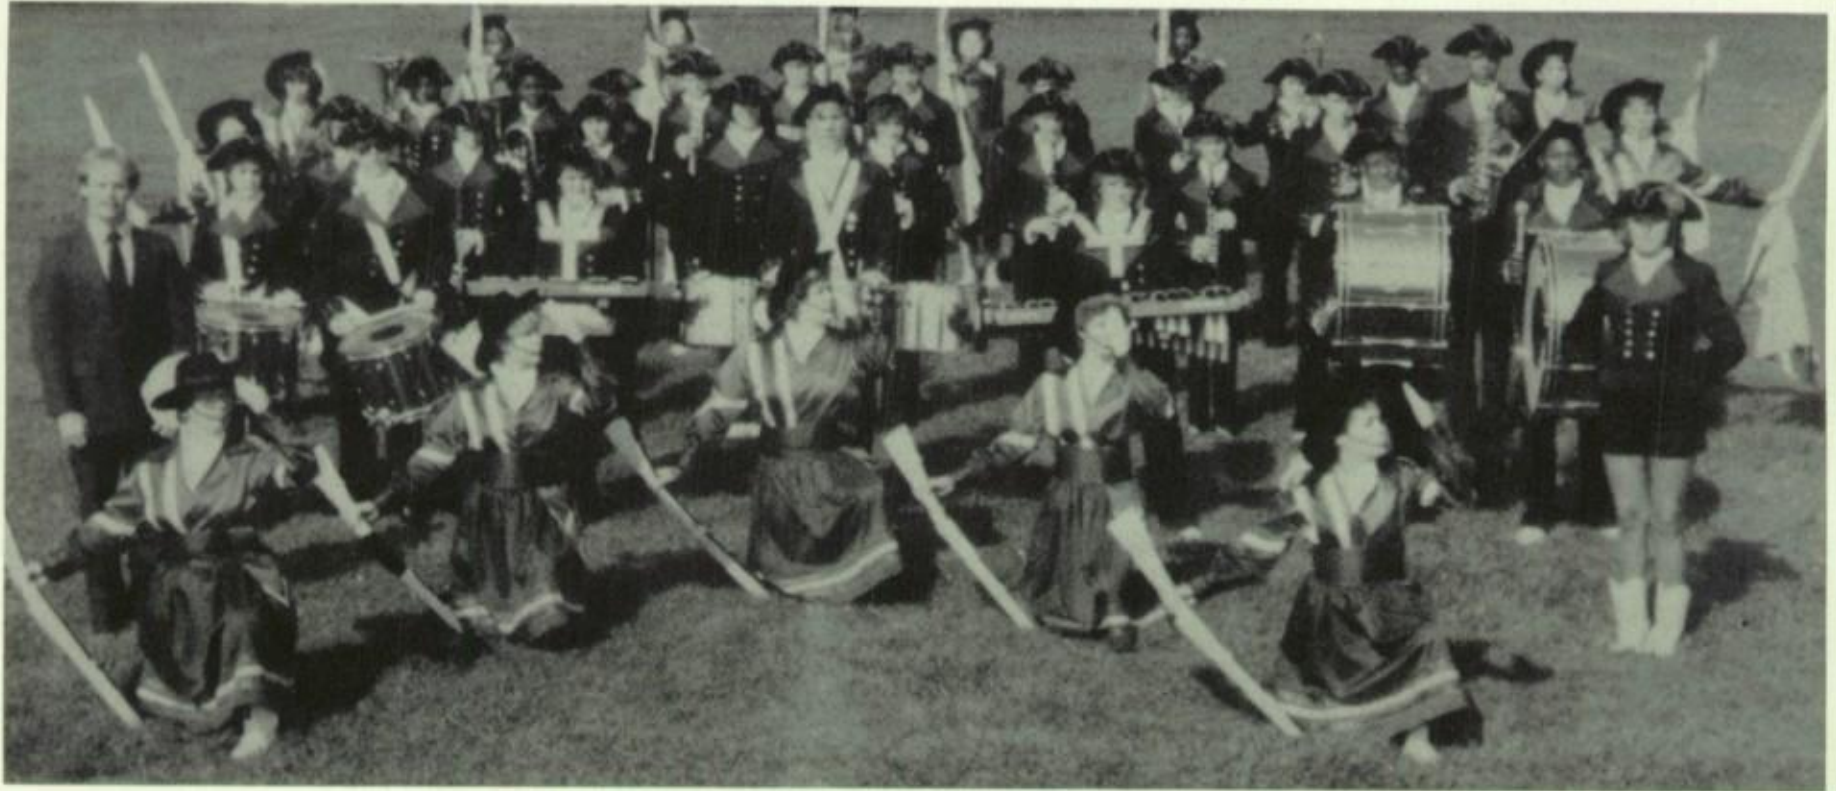

As well as preparing homemakers for the future, farmers are being prepared, too. The Future Farmers of America is an organization which is part of the high school vocational agriculture curriculum. FFA activities encourage members to learn through active participation in various contests and events such as: Parliamentary Procedure, Forestry judging, creed speaking, crop judging, tractor driving, and public speaking.

The FFA chapter at William Campbell is growing in excellence as the members strive to be the best in each area in which they participate.

Band Director: Mr. Stan Trost talking band programs with a student.

Marching band has raised it's membership to 41 band members. Under the directing of Mr. Stan Trost, it played at all home football games, two away games, one parade at the Brookneal Tobacco Festival and a marching competition at William Byrd High School in Vinton, Va. The band received good rating. The field commander, percussion section leader, along with the flags and rifles, went to a one week band camp at Brookville High School to better their abilities in their specific areas. Their performance consisted of "Birth of the Blues", "Blinded me with Science", "Late in the Evening", and "If".

Senior Band Members: Mason Harrup, Ron Schmeltzer, Jeff Kenyon, Michelle Davidson, Angie Pollard, Pat Condrey.

The band playing for the school.

The Pep Band is really a fun type of band created to show support for the basketball team and to give more musical practice to those involved. The big thing about this year's pep band is their new shirts. They say William Campbell Pep Band. Mr. Stan Trost directed this year's pep band.

Mr. Stan Trost is directing the band while Jeff Kenyon and Theodore Jackson jam out.

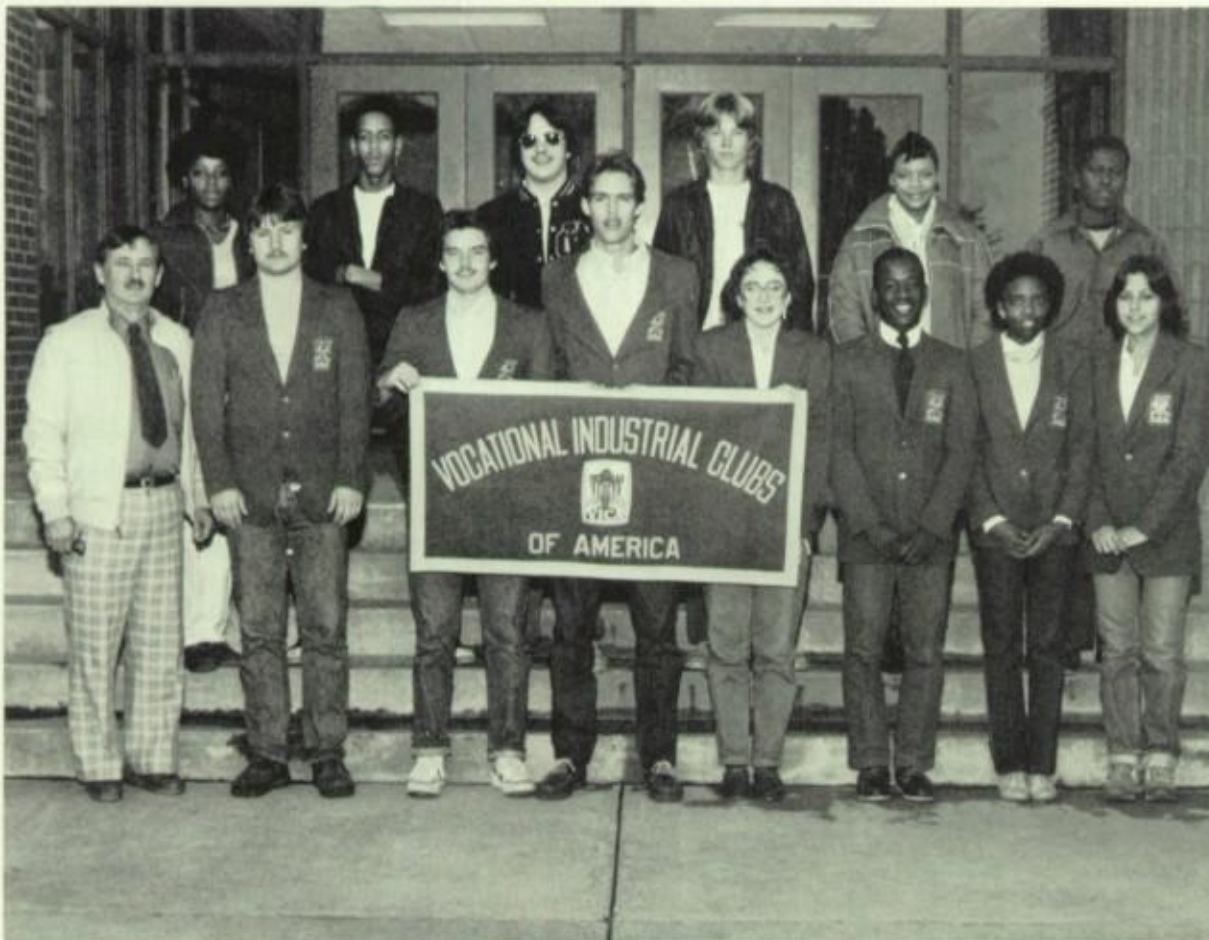

The William Campbell Pep Band is as follows: Mr. Stan Trost, Jeff Kenyon, Linda Gregory, Theodore Jackson. First Row: Pat Condrey, Lisa Cook, Michelle Kindley, Marsha Davidson, Rhonda Tanner. VICA: Front Row: Mr. Jim Hardison, David Epperson, Ronald Angel, Bobby Howard, Donna Booker, Wayne Stone, Cindy Hancock, Lisa Jones. Second Row: Rita Clark, James Carter, Mark Hendricks, Jeff Evans, Andrea Davis, Ricky Jones.

Milton Stone and Ronald Marstin are working hard in Mr. Jim Hardison's class.

All students enrolled in ICT participate in the Vocational Industrial Clubs of America. This organization is sponsored by Mr. James Hardison.

Because some students involved in the program work half a day, there is a morning and an afternoon club. These students learn about their roles in the school, the community, and the world of work.

These students compete against students in other schools to produce workmanship, and to hold offices in state chapters.

VICA: Front Row: Mr. Jim Hardison, JoAnn Jones, Pam Pennix, Tony Grishaw, Robyn Denton, Allen Saunders, Kelly Francis. Second Row: Kenny Carr, William Bland, Sterling Jones, Lennis Smith, Fanetta Edwards.

the Future

Forensics helps develop language arts skills particularly speech. The three groups are poetry, prose dramatic readings, and public speaking. Forensics is challenging and fun because each team member competes on a district, regional, or state level against other school's contestants. Sometimes, the competitions are very difficult but even losing can be a rewarding experience.

The 1984-85 Forensics Team consists of the following members:

Girls' Prose	Pat Condrey
Boys' Prose	Shawn Childress
Girls' Poetry	Beth Williams
Boys' Poetry	unfilled
Girls' Original Oratory	Sandy Cheatham
Boys' Original Oratory	Barry Guthrie
Girls' Extemporaneous Speaking	Michelle Kindley
Boys' Extemporaneous Speaking	Mason Harrup
Spelling	Paula Clark
Coach	Beverly Jones

Each team member spends hours of practice time just to deliver a reading or speech of only a few minutes. But most students feel the time is well worth it!

Forensics: Front Row: Miss Beverly Jones, Sandy Cheatham, Barry Guthrie, Pat Condrey, Mason Harrup. Second Row: Beth Williams, Paula Clark, Shawn Childress, Michelle Kindley.

FBLA: Front Row: Mrs. Sylvia Riddle, Tammy Rigney, Beth Williams, Tammy Hall, Connie Sage. Second Row: Angela Bell, Ava Elliott, Dawn Deaner, Holly Hendricks, Michelle Davidson, Penni Elder, Kelly Francis, Sandy Cheatham. Third Row: JoAnn Eades, Patricia Puckett, Vicki Colbert, Tracey Hudgens, Robbie Landsberger, Ann Callahan, Tammy Hamlett, Sherry Tucker, Lee Ashby. Fourth Row: Betty Hill, Christy Dickerson, Connie Petus, Kim Massenburg, Angie Hall, Roy Sage, Robyn Denton, Christy Moorefield, Paula Clark.

FBLA — If you're currently or have all ready been involved in a business course, you can join the Future Business Leaders of America. This club's main purpose is to help prepare students for business related careers.

This year's FBLA officers are as follows: President — Kim Hendren; Vice President — Tammy Rigney; Secretary — Connie Sage; Reporter — Beth Williams; Treasurer — Tammy Hall.

The projects for this year were a Type-a-Thon and the selling of lollipops. The money for the Type-a-Thon was donated to a Leukemia Fund and the money from the lollipops went to the club treasury.

A few of the outstanding members will compete on the FBLA Competition at Longwood College in the Spring.

The Class of 1985

It all started in August of 1979. The first year of William Campbell Middle School, and the Class of '85 was the first 7th grade class ever at William Campbell. We were both excited and nervous at the idea of having new teachers, getting involved in activities, and especially meeting new friends. Most of the year was spent in the "annex" along with the 8th graders. It was extremely crowded, and sometimes it was difficult leaving one class, going to your locker, and then on to another class in three minutes, but we got used to it. In fact, we grew to love the annex. When the new high school was completed, we left the annex and moved into the old high school. Along with leaving the annex, the little, white band building, which had been standing for years, was torn down. There was a new air-conditioned band room in the new high school, and the band building wouldn't be needed anymore. Although it was nice moving into a bigger area and having a new band room, it was rather sad leaving the annex and seeing the destruction of the band room building, but we'll cherish the memories of the times we had there forever.

"Those awful 8th graders!" This is how many teachers may have viewed us. We weren't children yet we weren't grown up, and we didn't really know how to act. Many times we acted in unusual ways which centered around immaturity. This was a period for us to grow. As 8th graders, we seemed to have more privileges. Junior Varsity sports and cheerleading were open to 8th graders. It was a great year for sports. Our J.V. football team was No. 1 in the district, and the Varsity team finished second in the district. Also the Varsity Boys' Basketball team won 16 out of 18 games. There were more clubs we could get involved with, and some of us even had classes with HIGH SCHOOL STUDENTS! It was nice having seniority over the "little" 7th graders, but a lot of us were ready to trade that in, in order to become the "babies" of the HIGH SCHOOL!!

We finally made it—we were High School Freshmen. William Campbell isn't a very large school. Who could possibly get lost on two floors? We could, that's who. Though after the first six weeks, we knew our way around pretty well. There were many more activities and clubs open to us, and many freshmen girls cheered for Varsity sports. Our Varsity Football team was No. 1 in the district capturing the title of Seminole District Champs. Our Varsity Girls' Basketball team had an excellent season and made it to the tournament. It was a very good year, and the class of '85 seemed to be a lot more mature than the unusual acting 8th graders of a previous year.

Silly, silly sophomores! That was us in the year 82-83. A lot was going on that year. Many of us were getting our driver's license, invitations to the Beta Club were handed out, and at the end of the year we ordered our class rings. It was the first year we had class officers and a lot of changes seemed to be going on, but that's all part of growing up.

Prom! Prom! Prom! Our Junior year was spent making up money for the prom. Early in our Junior year the long-awaited class rings came in, and we celebrated by having a Ring Party. Our Varsity Football Team was Seminole District Champs, and we once again had a W.C. marching band. With the graduation of the Class of '84, a lot of nostalgia resulted. It was sad seeing the class that we started out in the Middle School with leave. Also it made us realize that we didn't have much time left at good ole W.C.

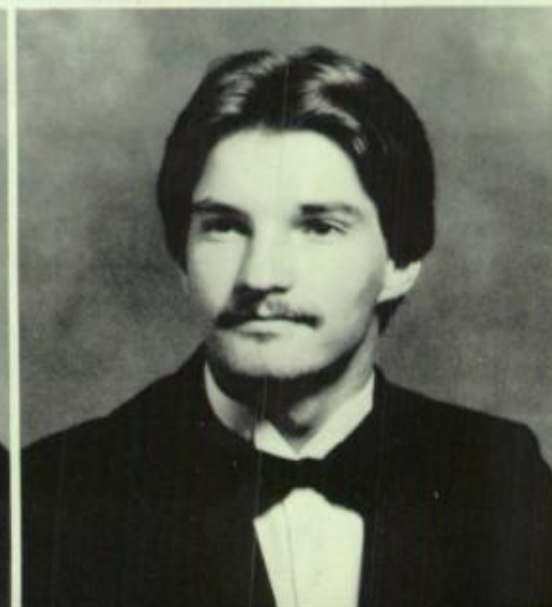

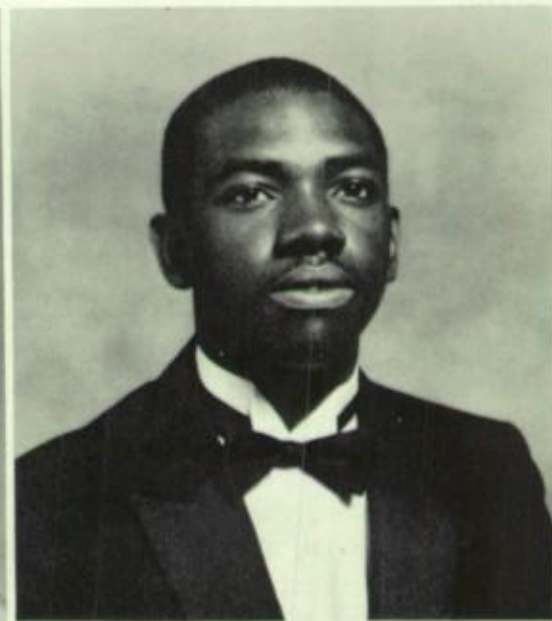

It's hard to believe it, but we're finally Seniors. There were many committees formed to help organize class song, class motto, and things of this nature. It's been a very busy year. Senior banquet, Senior day, and many other activities. Each day brings us closer to graduation. After graduation many of us will go to college, many will go to work, and some aren't sure of what they'll be doing, but we'll all be searching for a "place of our own." We're looking forward to the future with great excitement, but we've been together a long time, and it's going to be hard saying good-bye. The closeness that we all share will never be forgotten, and the memories of the times we've had will sustain us.

The Juniors have come a long way since they've been at William Campbell. They already have been there for four years. They have only one more year to go.

The Juniors assumed more responsibilities than any previous years. They elected class officers who are:

President — Tracey Hughes

Vice President — Peri Pursley

Treasurer — Beth Williams

Secretary — Tracey Hudgens

The Juniors sold magazines and cheese to raise money to sponsor the Junior/Senior Prom.

This year Juniors finally got their class rings on October 9. This was a very big event for the Juniors, as the class rings show the Junior Status.

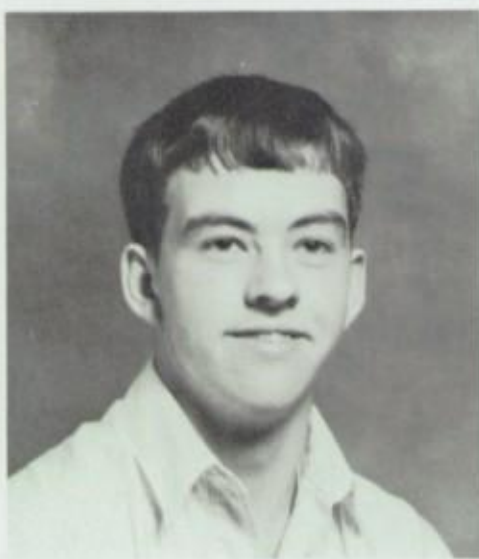

The Junior year also is a time for taking S.A.T.'s, looking at college and future job plans.

Keep up the good work, Juniors.

Checking out the daily news are Vernon Panell and Ryan Wathall in the media center.

The sophomore class is regarded as the in between class. In a sense, the statement is true. When the students are in the 10th grade they are in the middle because they have been at William Campbell for three years and they have three more to go. At this time in their lives, the students are deciding on what goals they will pursue in their later lives, whether they will go to college, or go out in the world for a job. The students in the class are finally a part of varsity sports. The sophomores are included in varsity football, indoor outdoor track, Girls' basketball, Boy's basketball, Girls' softball, and Boy's baseball. The sophomore class is the most important year as far as decisions that a student will have until he or she leaves high school.

Super Sophomore

Ann Callahan has definitely earned the title "Super Sophomore". She has proven she is not only talented in sports but in her school work as well. Ann led the Generalette's basketball team in scoring with an average of 18 points a game. She also heads the Generalette's volleyball and softball team. Ann also keeps a very high academic level in her grades while maintaining her role in sports. For this reason, Ann has been chosen for this special profile as a "Super Sophomore."

Just being herself is Ann Callahan.

FRESHMEN

For many, the first day of high school is an exciting and privileged day. It is exciting because as a ninth grader a student has started a whole new phase of life and is privileged because he gets to do more things than he did in the middle school. For instance, in middle school a student had to stay in the cafeteria until lunch period was over, but in high school students have no restricted lunch area. Students are allowed to go anywhere they want as long as they stay on the school grounds. For some people, the smoking area is considered a privilege, because instead of sneaking a smoke in the bathroom, students are allowed to go the smoking area to smoke without getting in trouble. When students start high school, they are able to try out for certain varsity sports that middle school students are not able to participate in. Also, ninth graders can take more electives or classes than middle school students cannot take. Therefore, the first day of high school, as well as the rest of the year, is very exciting and privileged for a ninth grader.

Faculty

The administrators and faculty of WCHS and WCMS exist to provide its students with a program which makes them aware of their opportunities and enables them to realize their responsibilities as productive members of our constantly changing society. They emphasize within the individual student an acceptance of self-respect for others and an appreciation and knowledge for immediate and ever-widening environment. The faculty and staff merit "A Place of Its Own."

Mrs. Winifred Pollard demonstrates the way to use straw to middle school students. The art class was making scarecrows for Halloween decorations.

The Backbone of the School

The faculty is the backbone of any school. Here it was no different. Regardless of whether faculty were in the classroom, office, library, or guidance department, they were ready to assist students. Maybe they were not always the most well liked people, but they did their jobs. Most of the teachers spend many hours out of class working with students in various activities, clubs, and sports. As a result, teachers become like a parent to the students, someone with whom they could talk.

At a small school like William Campbell a close student-teacher relationship has its advantages. A teacher could generally work with his students on a one-to-one basis. One of the disadvantages is that the faculty has a difficult time trying to provide for the students the same curriculum and extra activities as that of a larger school. This situation demands a greater share of responsibility to be undertaken by fewer persons. In addition to greater teacher effort, it also required more student input.

Faculty Supports Students

The William Campbell Faculty and Staff, the backbone of the school, make up the heart of the school. Without the combined effort of dedicated faculty and support staff, the school could not operate. Faculty and staff work together in all areas to make William Campbell a special "place of its own."

Teachers Speak Out

What do you like best about being a teacher at William Campbell?

Answer: Mr. Ronny Cox — "The students of William Campbell are probably the best behaved and polite. I think I appreciate that more than anything."

Answer: Mrs. Winifred Pollard — "No bus duty! Having a giant room to move around in!"

Answer: Mr. Karl Koenig — "I guess it's being a small school, the closeness of the students, and the one to one basis with the students and teachers."

What is the funniest thing that has happened in your class this year?

Answer: Mr. Ronny Cox — "The funniest thing is about a week ago when I went to first period class and nobody was there. I went to check and find out if there was a meeting or something going on to explain where my students were. Finally, I can't remember whether I figured it out or somebody told me, I don't have a first period class."

Answer: Mrs. Winifred Pollard — "A student splattering paint from one side of the room to the other."

Mr. Karl Koenig — Frederick College, Lynchburg College, B.S., Health & Physical Education, Sports Med. U.V.A., Gym and Driver's Ed.

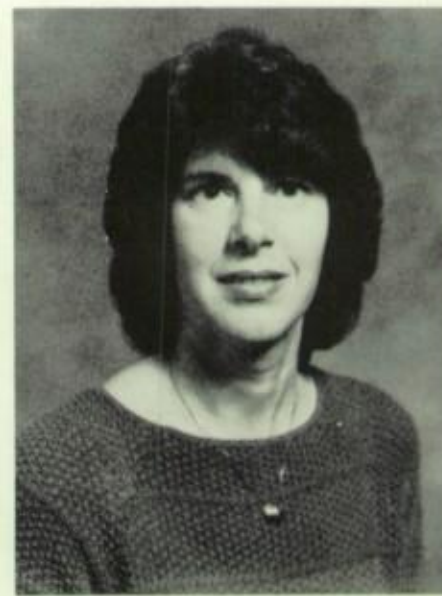

Mr. Kenneth McBride — Mercer University & Lynchburg College, A.B., Biology — M.Ed. Administration — Biology.

Mrs. Martha Mason (Middle School Custodian).

Behind the Scenes

Our Supportive Staff members are made up of teachers, custodians, secretaries, and bus drivers. After school the students go home but the custodians have to stay and finish cleaning the school for the next oncoming day. Another part of our Supportive Staff is the cafeteria workers who have the job of cooking lunches for the whole school.

Another part of our Supportive is the bus drivers who have a big job to do each day even if the weather is bad. Being a bus driver means getting up early in the morning to pick up students for school returning them each afternoon. Safety is a big responsibility for a bus driver.

Third Row: Mrs. Barbara Roakes, Mrs. Barbara Williams. Fourth Row: Mrs. Frances Singleton, Mr. Coleman Adams, Mrs. Mary Payne, Mrs. Dolly Lovelace, Mrs. Fannie Younger, and Mr. Warren Younger.

Mr. Jerry Rice takes a break from pad room procedures to get his picture taken.

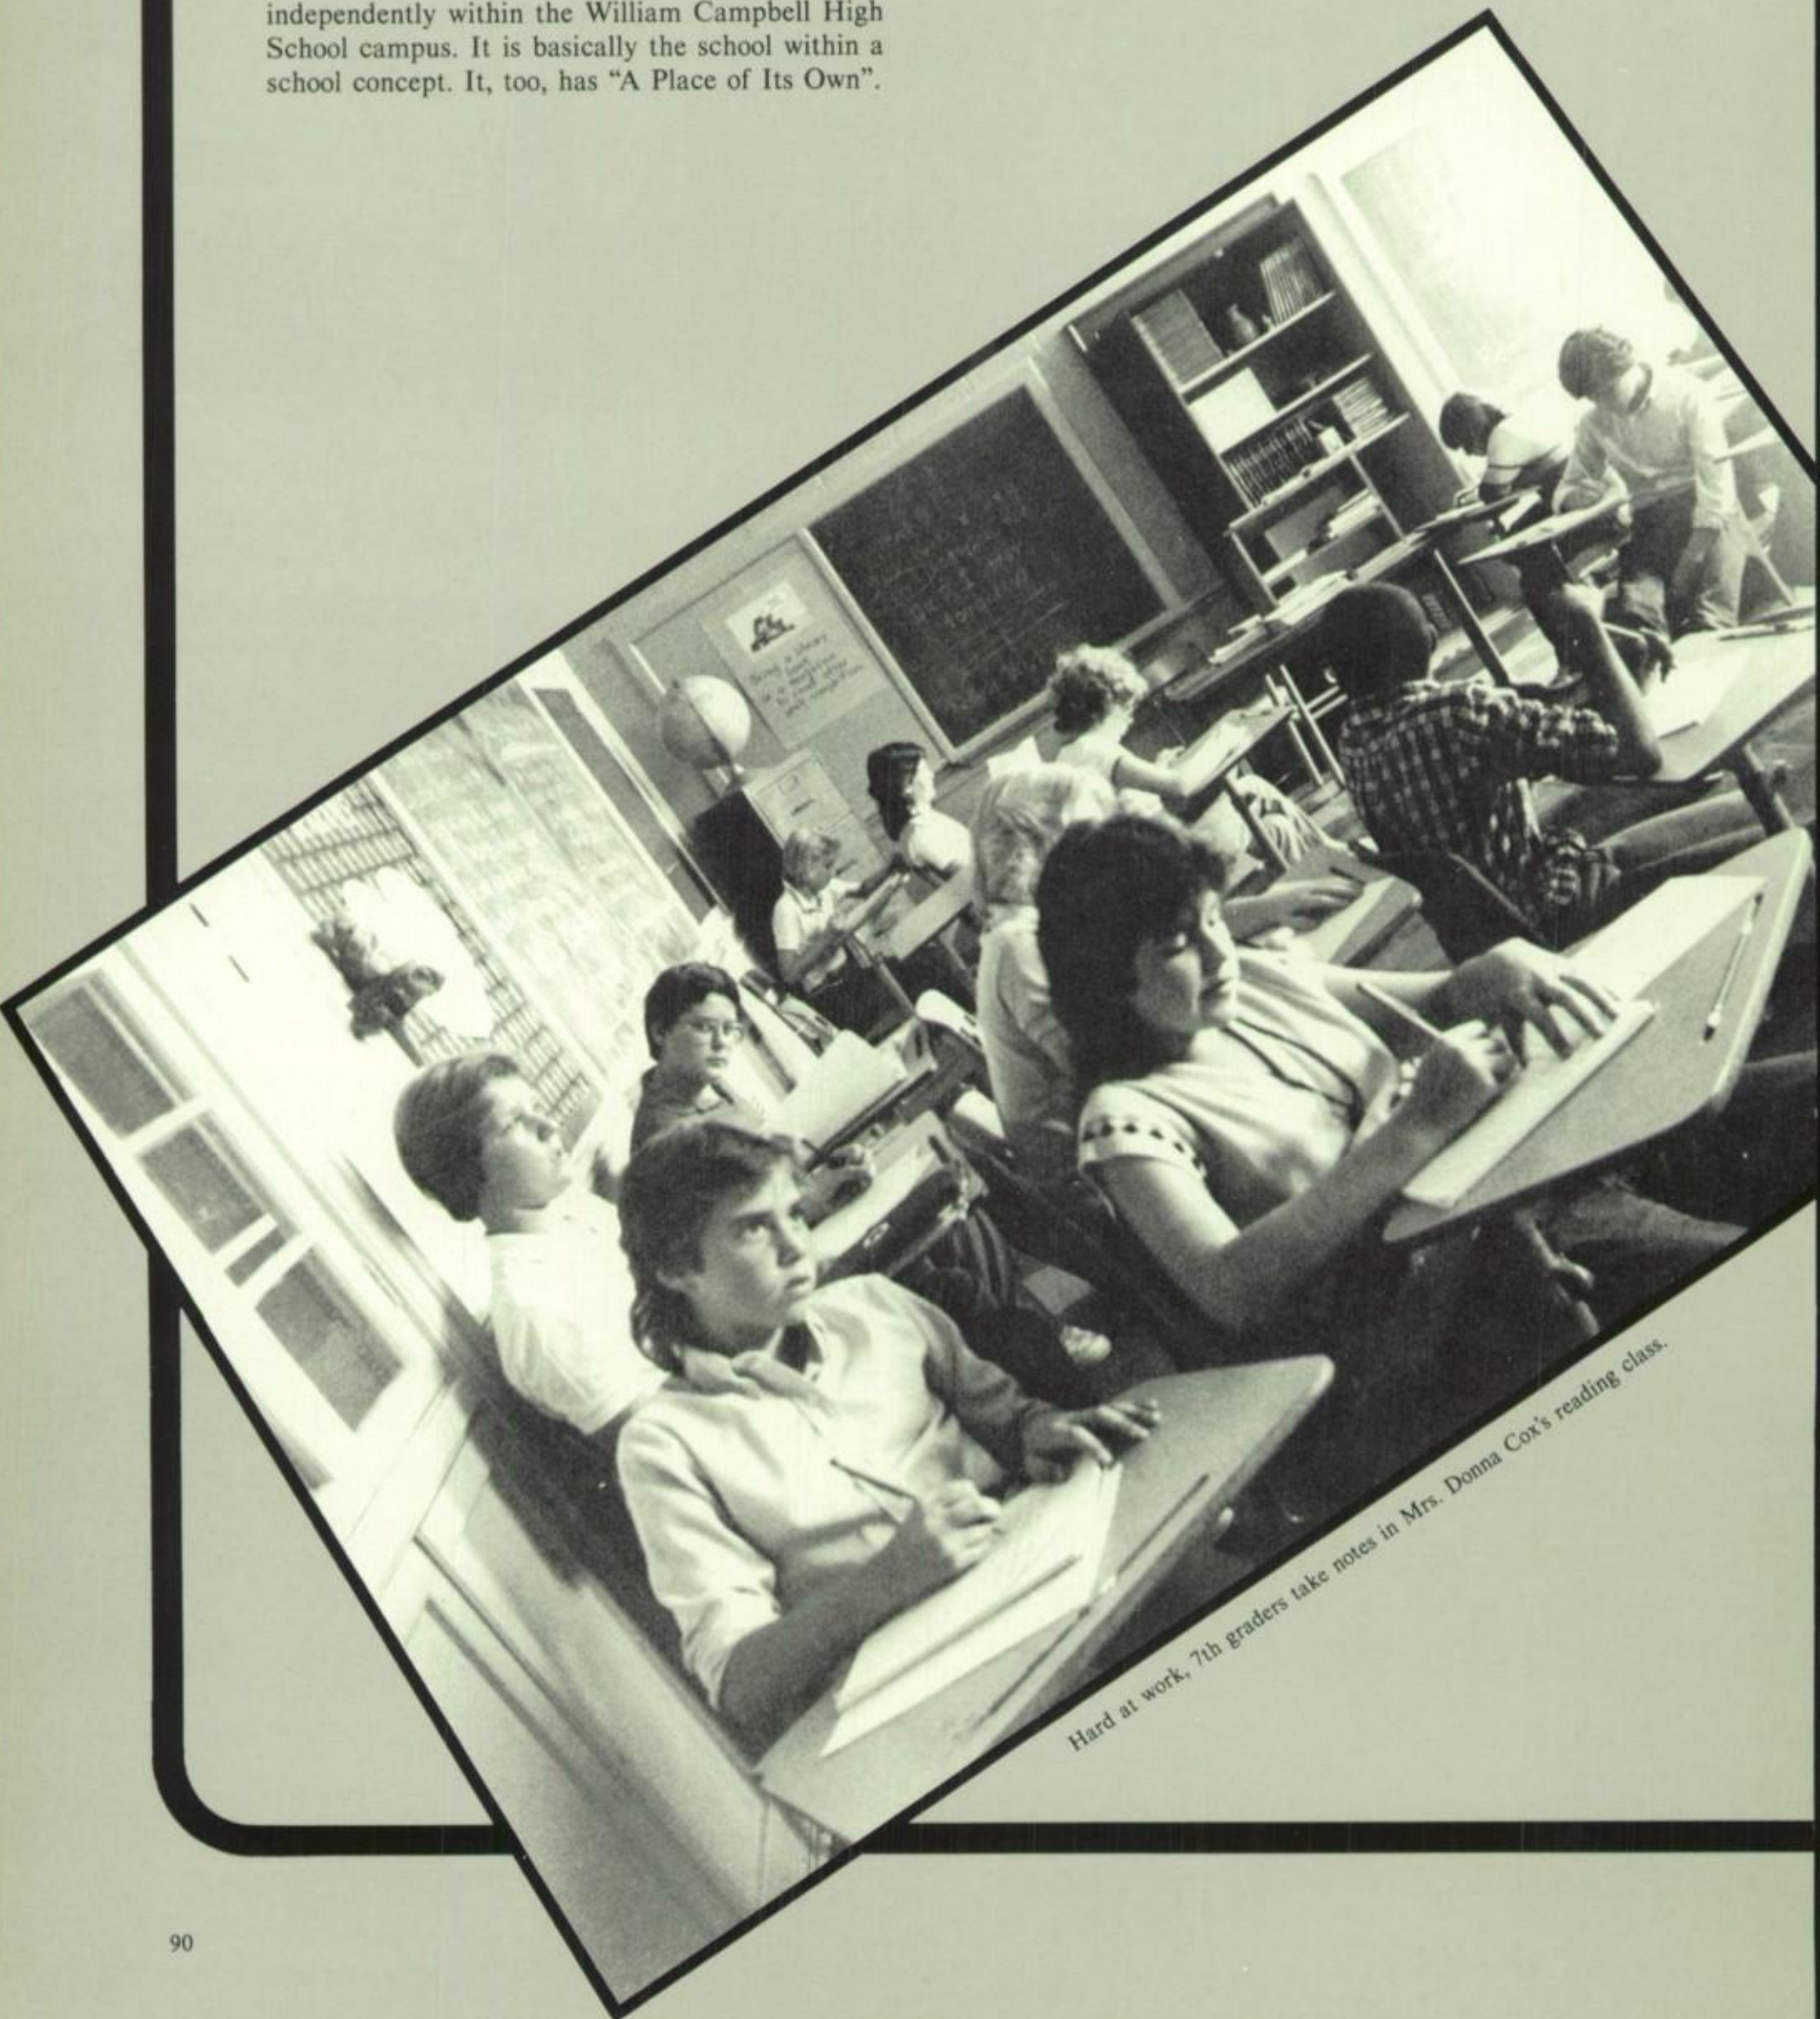

Mrs. Betty Douglas takes her lunch break to polish off her popsicle.

Mrs. Betty A. Francis busy at work with office business.

Middle School

The middle school, which houses grades seven and eight, was planned and designed for students who are making the transition from the child centered elementary school to the subject centered high school. William Campbell Middle School operates independently within the William Campbell High School campus. It is basically the school within a school concept. It, too, has "A Place of Its Own".

Hard at work, 7th graders take notes in Mrs. Donna Cox's reading class.

8th Grade -

In Mrs. Ann Seamster's 8th grade Home Economics Class, the camera gets more attention that she does.

The Stuff Football's Made Of!

The future of our Generals began with the J.V. Team. Through playing the boys gain experience and knowledge of the game. They also got a feel of what kind of pain and gain was in store for them in the next few years.

The players experienced this feeling of pain and gain by participating in each game! Although they didn't win every game, they made a good show of it by winning 3 and losing 5.

Four mighty Generals tackling a Governor.

The time for basketball season to begin finally arrived for the William Campbell Junior Varsity team. Their team consisted of many new faces to the basketball scene. A few of the guys were returning from last year, but most of them were new players. The young men on the J.V. team were not prepared for what awaited them on the courts. They had much to contend with. The players and the coach had much to adapt to. For instance, many of the players had never been a part of a team before, and Mr. Jerry Rice had been used to coaching at another school. The young men learned through the help of their coach and other members, some very important values that will prove helpful when playing Varsity. Regardless of what their record appeared to be to other people here at William Campbell, they'll always be number one!

“A Place of It's Own”

The spirit of the mighty Generals took an all time high this year. The football team was co-champion of the Seminole District. The powerful boys' basketball team went to the semi-finals of the Seminole District tournament. The band went to the District Band Festival and received a good rating. The S.C.A. was busy working this year and carried out plans for the students. The Beta Club installed nine new members. The F.F.A. did well placing second in the state forestry judging, and placed fourth in the state in crop judging. A member of the Forensics team placed first in the district and second in the regional competition in public speaking. Individual students have achieved their own personal goals this year. The Senior class has achieved a goal after twelve years of hardwork and determination. After graduation, they will find a “New Place”. Yes, William Campbell out did itself and established “a place of its own.”

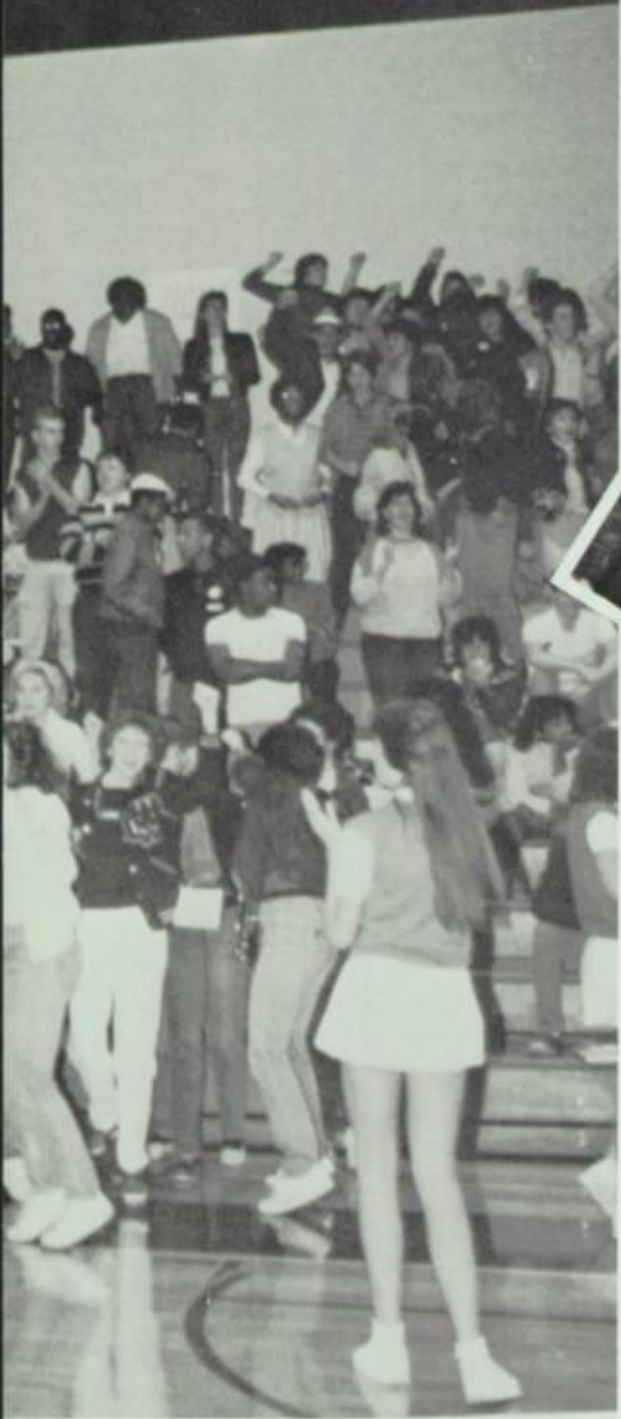

Ninth grader Matt Bailey arrives at school ready to make a place of his own.

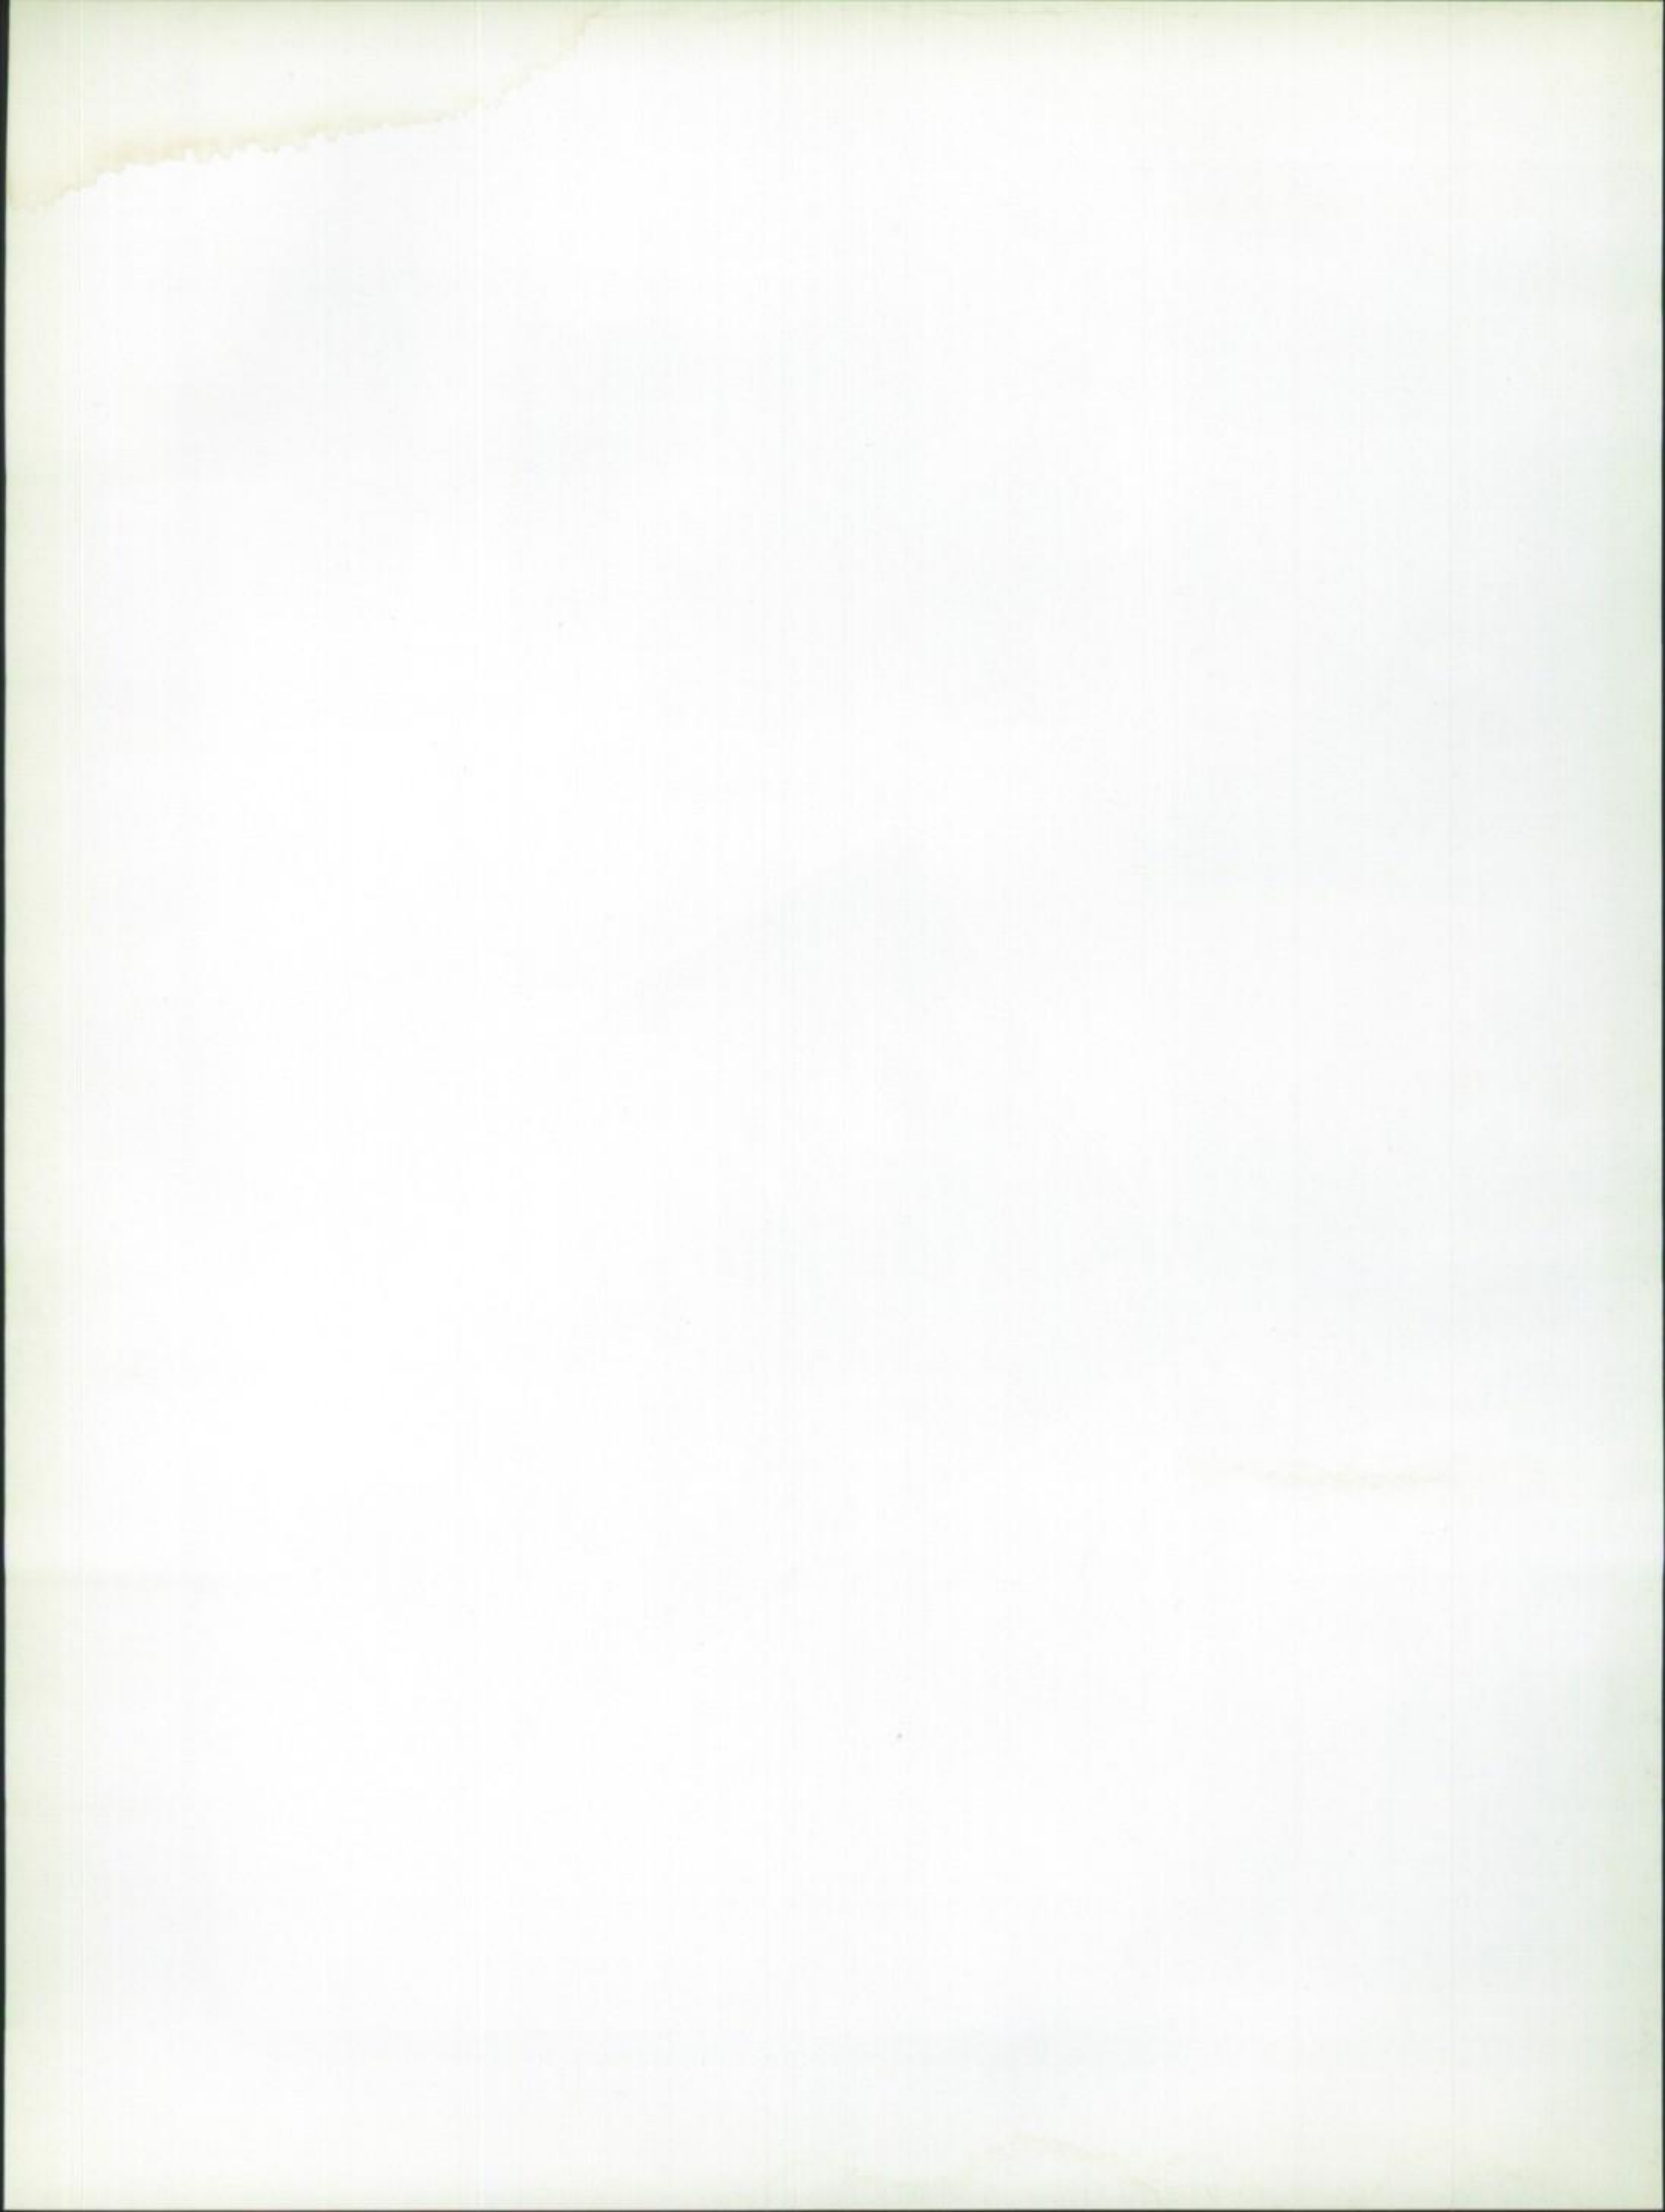

Seniors are enjoying the five minute advantage at lunch time in the hallway.

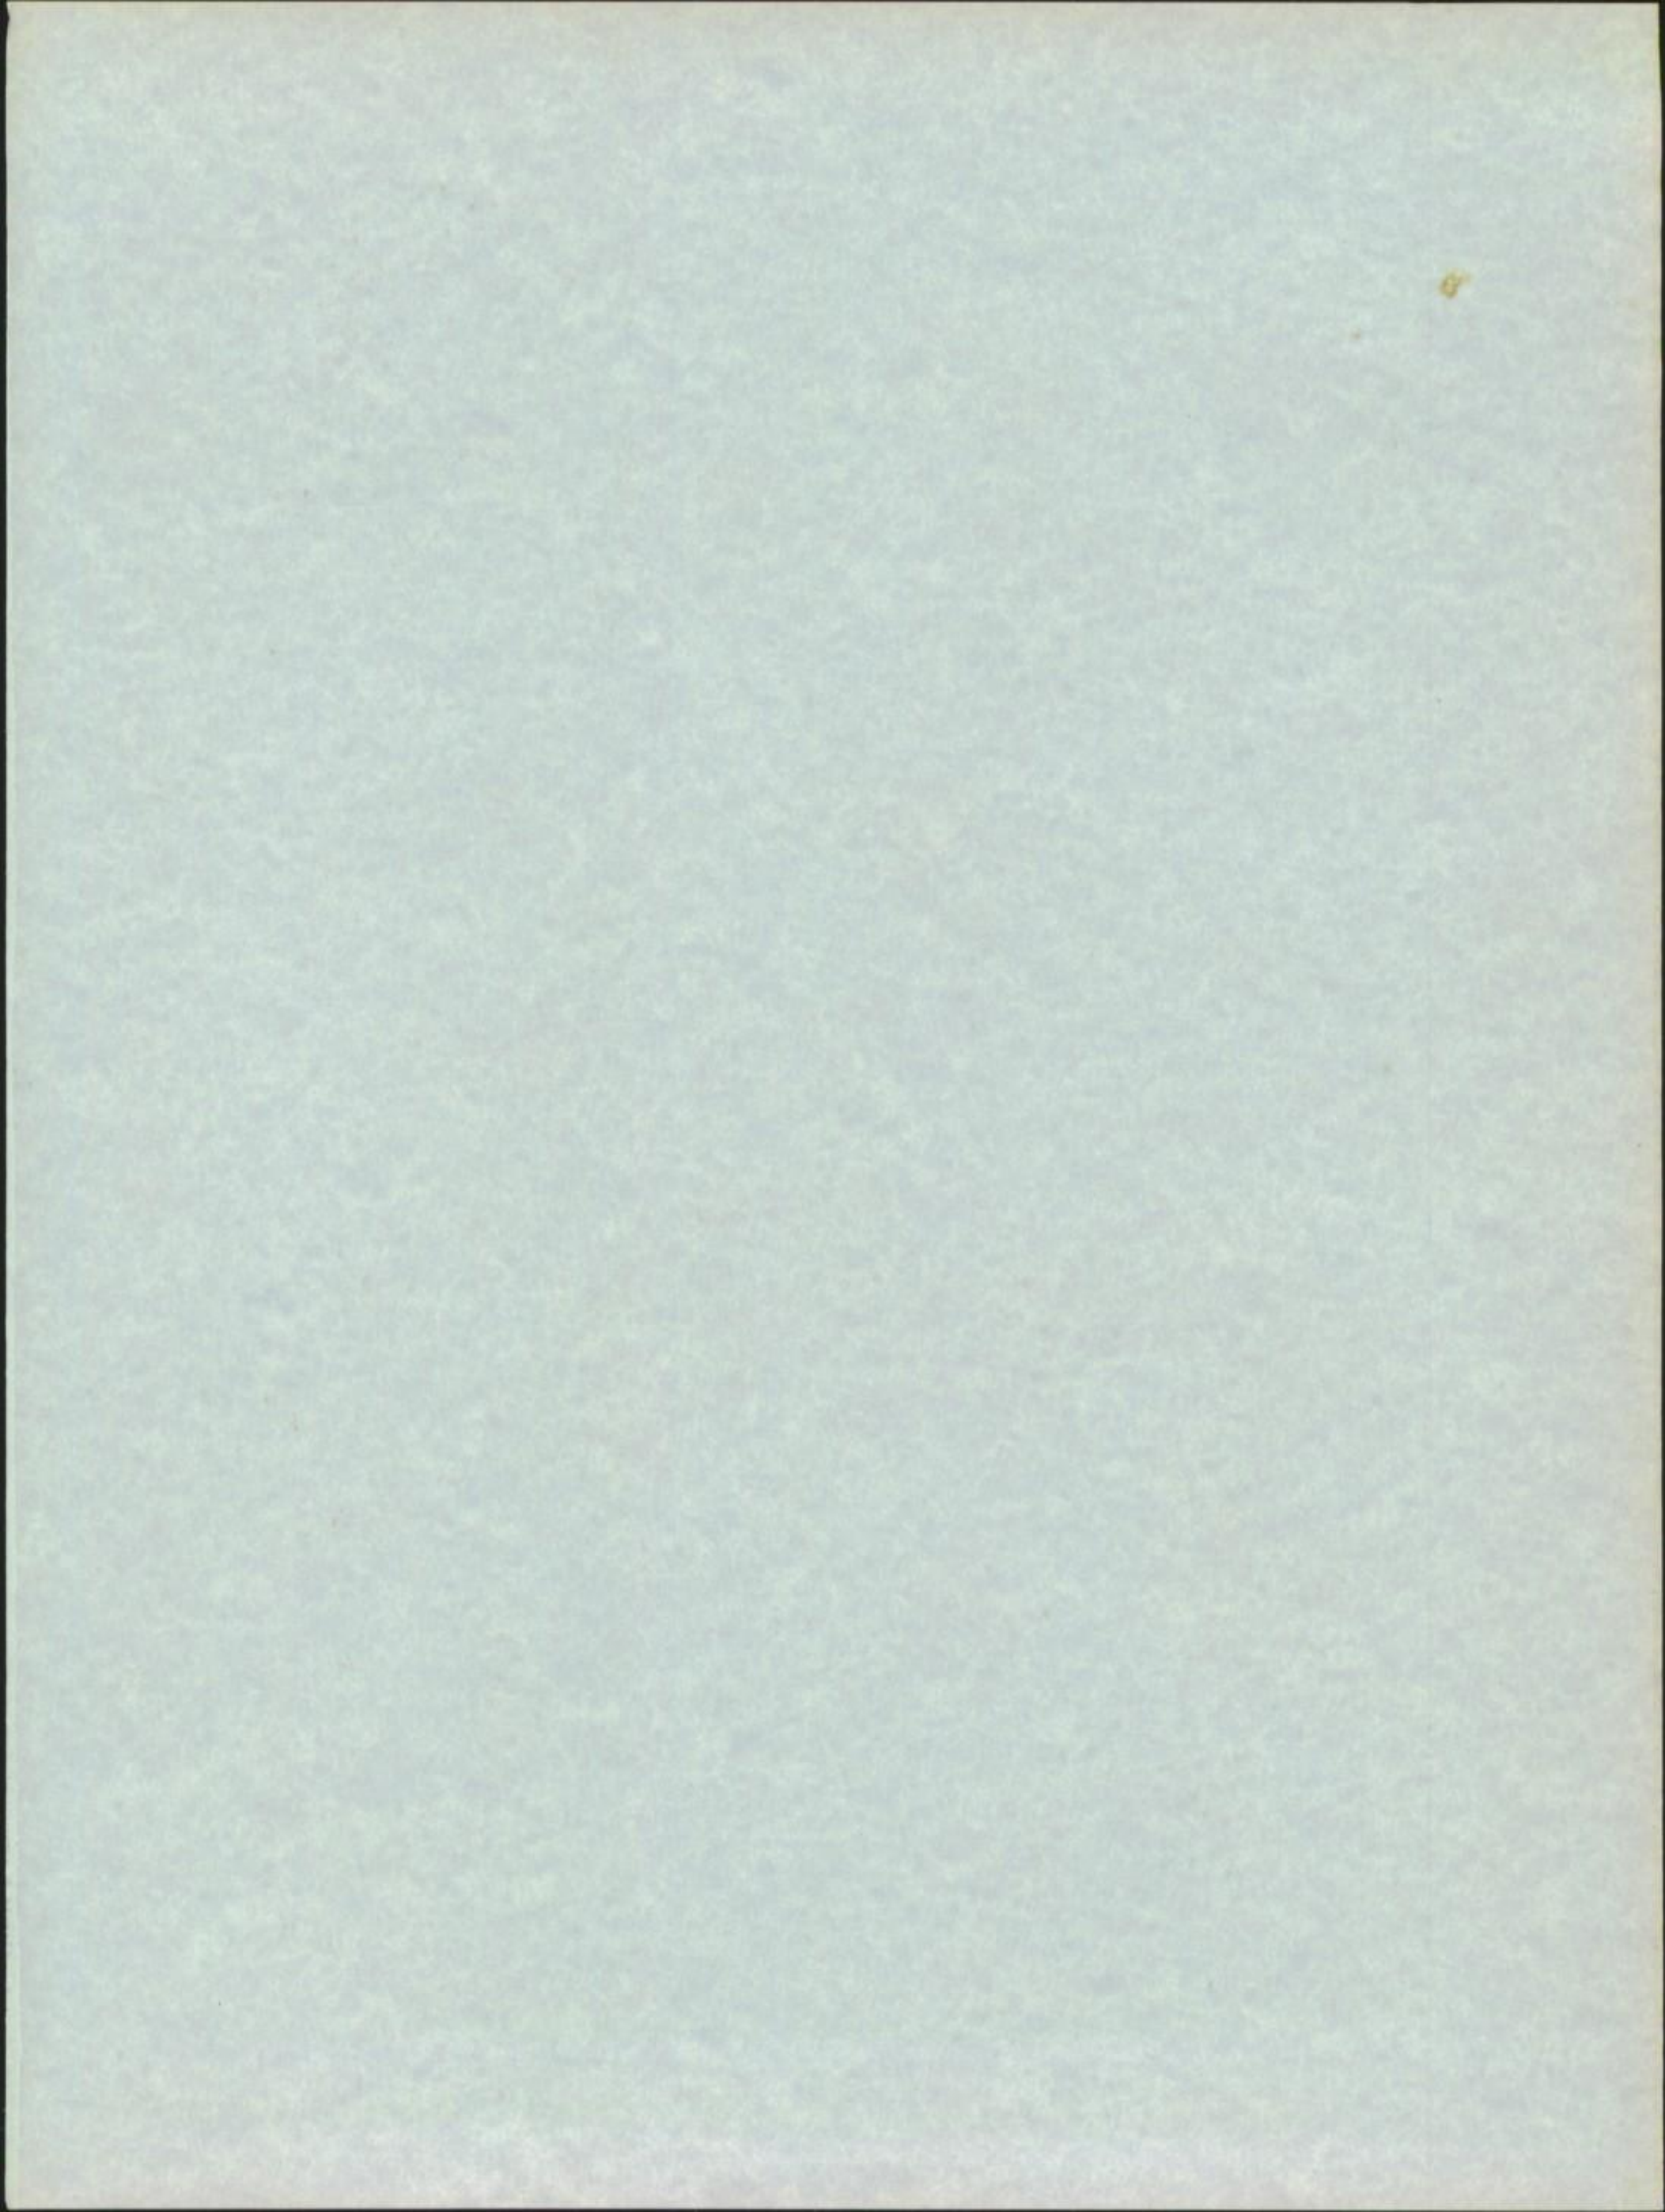

The Pep Band under the direction of Mr. Stan Trost, adds punch to the pep rally by playing the school song.

Spirited Generals rally to the beat of the cheers at the last pep rally.
